

CHANGAMWE CONSTITUENCY

IEBC NO. 001

NATIONAL GOVERNMENT CONSTITUENCY DEVELOPMENT FUND.

WARD REPORT

2019/2020

SUBMITTED

OCTOBER 2019

0.0 BACKGROUND

1.0 ABOUT NG-CDF

Constituencies Development Fund was established by an Act of Parliament in 2003. Its purpose was to alleviate poverty in the country by dedicating a minimum of 2.5 % of the government revenue to fund grassroots development of community based projects such as Schools, Security, water, health and roads. The Act was amended in 2007 and 2013. The NG-CDF Act 2015 replaced the CDF Act 2013 with effect from 19th February 2016.

The fund is managed by the NG-CDF Board at the national level. NG-CDFC are charged with the responsibility of ensuring participatory project identification, planning, monitoring and evaluation of projects in each constituency.

The NG-CDF is a huge success. Through its funding, education infrastructure likes classrooms, laboratories, dormitories, administration block have been built. Security personnel have benefited from Chief's offices, Police stations, staff houses, office blocks, etc. Bridges have been constructed to ease transport of goods and people. Needy students in the community have benefited from yearly bursary schemes.

CHALLENGES RAISED

1. The Uwezo Fund applications are taking very long time to be processed
2. There is demand for skills training for women
3. Most youths are still not aware of tendering procedure and requirements needed to access the 30% government tenders
4. Bursary form issuance has been a challenge where long queues are experienced since the process is centralized
5. There is a problem with the design implementation of most cabro paved roads done by KERRA where storm water causes havoc to residents
6. There is demand for driving school bursary
7. Need of awareness for Drug abuse and HIV Aids for youths
8. There is need of holding forums with the community after project identification to inform them of the projects approved
9. Lack of land for new projects

WAY FORWARD

1. The stakeholders were informed that their proposals would be deliberated upon by the NG-CDF Committee and needs prioritized, giving first priority to ongoing projects in each ward.
2. Bursary issuance process will be deliberated upon and the NG-CDFC will come up with a new way.
3. Need for construction of storey buildings for all new projects to mitigate on the unavailability of land

CONCLUSION

The projects done so far since 2013 have made a huge impact in the way of life of the Chagamwe community. The constituency needs more new public schools especially in Airport Ward. The bursary award has helped needy students in acquiring formal education and there is need of more funds to be allocated especially for tertiary and vocational training.
