**RE: REQUEST FOR FACILITATION OF LABORATORY APPARATUS,
EQUIPMENTS AND CHEMICALS**

County High School is a boys, Boarding Public Extra County High School located in Garissa Township constituency. The School has student enrolment of 954 learners and runs on five streams.

Our request is informed by the huge disproportion between our population and our laboratory equipments/apparatus and the school is financially constrained to undertake such huge projects.

In view of the above, we humbly request your highly esteemed office for facilitation of laboratory equipments and chemicals that will enable us give quality curriculum delivery to our young generation.

Kindly find the attached list of laboratory equipments and chemicals for your consideration.

Thank you.

Yours faithfully,

**ABDISHAKUR HUSSEIN SHEIKH,
PRINCIPAL**
