### Challenges

The main challenge noted is that the general public **did not** have a clear distinction between projects fundable under either of the Governments i.e. County versus national.

### Way-forward

There is need for a heightened grassroots capacity building and awareness creation on the roles of each type of Government as per the 4<sup>th</sup> Schedule of our Constitution.

**Challenges**

The main challenge noted is that the general public **did not** have a clear distinction between projects fundable under either of the Governments i.e. County versus national.

**Way-forward**

There is need for a heightened grassroots capacity building and awareness creation on the roles of each type of Government as per the 4<sup>th</sup> Schedule of our Constitution.
