#### MIN 03/14/10/2019 NG-CDF PROJECTS PROPOSAL FOR FINANCIAL YEAR 2019/2020

The Chairman introduced that the core business of the day was to discuss and approve the project proposal for the Financial Year 2019/2020. He informed the sitting that the role of the members using the needs from the four wards in the constituency was to select projects amongst those requested by different institutions and also approve reasonable costs and estimates. The members also scrutinized the needs assessment reports that were carried out the last week. After agreeing on these roles, the members came up with bench marks that will guide them in approving the projects. These included; -

- Equality – this is to ensure that every ward should benefit from the kitty. The members must ensure that within the ward itself equality must be ensured. All the locations, sub locations, villages, settlements must equally be funded.
- Priority – the need of the people must be primary in selecting the projects. During the needs assessment exercise projects were arranged in the order of their priority.

- Legality – the project financed must be within the scope of NGCDF legal frame work. It should not be a project of personal gain, political activities or religious affiliations. Any projects with such issues would not be approved.
- Cost – in approving the projects the members also should consider reasonability and value for money.

The Fund Manager thereafter drew members attention to NG-CDF board circular referenced; NG-CDFB /CIRCULARs Vol.11 (014) dated 24<sup>th</sup> September, 2019, Submission of Project proposals for the 2019/2020 financial year which the committee discussed at length. He also informed the members of the NG-CDF Act in relation to projects identification and that the available money for the Financial Year 2019/2020 was Kshs **137,367,274.14**.

The Chair informed the sitting that they would use the Ward Reports that had been prepared after their just concluded needs assessment exercise.
