NATIONAL GOVERNMENT CONSTITUENCIES DEVELOPMENT FUND

MANDERA WEST CONSTITUENCY

OPEN WARD PUBLIC PARTICIPATION REPORT

JANUARY 2023

BACKGROUND

The Constituencies Development Fund (CDF) was established under the Constituencies Development Fund (CDF) Act, 2003, amended in 2007 and repealed by the CDF Act of 2013. In 2015, the CDF Act of 2013 was declared unconstitutional and a new Act was enacted in 2015, being the National Government Constituencies Development Fund Act, NG-CDF Act, 2015. The National Government Constituencies Development Fund (NG-CDF) is under the state department of Planning. The objective of the Fund is to provide mechanisms for supplementing implementation of the National Government development agenda at the constituency level.

ABOUT MANDERA WEST CONSTITUENCY.

Mandera West Constituency has one urban centre based on the requirements of the Cities and Urban Areas Act, 2011. Takaba, with a total population of 29,298 (2018), which is projected to increase to 35,577 by 2022. Efforts should be made to develop infrastructure and associated facilities to cater for the increasing urban population.

SOCIO-ECONOMIC PROFILE

The main source of energy is firewood, which is used by 93.2% of the households for cooking (KIHBS 2015/2016). The main types of houses commonly used are „*manyatta*” traditional huts and shanty structures. The main walling materials for the houses are grass/straw and mud/wood with permanent structures mainly found in urban centres.

The main water resources in the constituency are rivers, ponds, streams, earth pans, boreholes with pump, protected dug wells and unprotected dug wells. The quality of the water from these resources is poor and residents are advised to treat it before use

The main types of toilet facilities in the constituency are pit latrines, uncovered pit latrines, and covered pit latrines. Slightly above 40% have no access to toilet facilities.

In terms of waste disposal methods, most of the households burn their wastes, while a few use garbage pits and public garbage heaps.

The five most common diseases in order of prevalence are Disease of Upper Respiratory Tract Infection (URTI), Malaria, Pneumonia, Urinary Tract Infection (UTI) and skin Disease.

The constituency has a literacy rate of 25.4 per cent compared to the national which is 83.8 per cent (2017). This is caused by pastoralist lifestyle, high levels of poverty, shortfall of teachers, and retrogressive cultural practices like early marriages.

The teacher-pupil ratio is 1:88 while that in secondary schools stands at 1:33. The Primary Education NER for the constituency is 42.4 per cent (53.4 per cent boys and 29.8 per cent girls) compared to the national rate of 91.1 per cent (2017). This, thus, calls for concerted efforts from all stakeholders to improve on education quality, accessibility and availability.

KEY CHALLENGES FACED IN THE CONSTITUENCY

Insufficient Education Facilities: Out of the 44 primary schools in the constituency, 16 are high volume, with more than 400 pupils. These include; Takaba, Gather, Rocky Hill, Dandu, Burduras, Darwed, Didkuro, Gutole, Eldanaba, Lagsure, W/Dahan, Sake, Elbofa, Gagaba, Ardahalo and Karsahama. Two (2) secondary schools, Takaba Boys and Takaba Day are also highly populated. *The high population in the age cohort 6-19 years will require the constituency to develop more education infrastructural facilities to avoid straining the existing ones.*

Insecurity: Parts of the constituency especially along the international borders are exposed to cases of insecurity. Border towns are prone to outside attacks as experienced in the recent times. Inter-clan disagreements, mainly caused by scarce

resources have resulted into conflicts. This negatively affects economic activities especially businesses where investors shy away from investing.

Food Insecurity: In the 2015/16 Kenya Integrated Household Budget Survey report, nationally, six counties registered food poverty rates of more than half their population. These were: Turkana (66.1%), Mandera (61.9%), Samburu (60.1%), Busia (59.5%) and West Pokot (57.3%).

Adverse weather conditions experienced in the entire constituency greatly impacts negatively to crop and livestock farming. Presences of saline soils in most parts of the constituency greatly pose a challenge for crop farming. Livestock farming is highly affected by persistent droughts. These challenges make communities not able to produce enough to feed themselves. Reliance on food relief remains a common habit to the large part of the population.

Environmental Degradation: The interaction of the community and environment has brought about undesirable environmental consequences which have worsened the poverty situation in the constituency. Key human activities which have degraded environment include charcoal burning and overgrazing. The constituency is almost wholly dependent on livestock farming. This has led to degradation of the environment which has significantly affected the grazing fields and the farm lands, therefore, hampering the productivity.

High Poverty Incidence: Mandera County is one of the poorest in the country. In the 2015/16 Kenya Integrated Household Budget Survey report, nationally, the poorest four counties were Turkana (79.4%), Mandera (77.6%), Samburu (75.8%) and Busia (69.3%). High poverty levels experienced in the constituency pose a great challenge to development. This situation has led to low school enrolment rates, low transition to secondary schools, a situation that is further escalated by high dropout rates which affect the levels of education. This translates to very few accomplishing their secondary school education to join tertiary institutions; thus denying the constituency the much needed skilled manpower to give impetus to economic growth.

Poor Transport and Communication Infrastructure: The constituency" road network is in a deplorable condition. Majority of the roads are earth roads. This makes them impassable especially during the long rains because they are extensively destroyed. In addition, 80% of the constituency is not covered by any communication networks.

This poor state of the road network has made transport services to be very expensive hence the cost of doing business. The transport expenses have rendered almost all resources immobile thus greatly reducing the economic potential of the constituency.

The constituency has no bitumen surface roads.

Insufficient Health Facilities: There are a few health facilities in the constituency, which are poorly equipped and under-staffed.

Most of the poor people cannot afford basic health care and this affects their productivity.

Recurrent Droughts: Droughts are common phenomena in the constituency which exposes the farmers and pastoralists to economic hardships. These perennial droughts have actually reduced the livestock sector to cycles of destocking and restocking through the government and other aid agencies. In the agriculture sector, droughts have increased the syndrome of dependency on relief.

Animal and Human Health: Outbreak of both human and animal diseases is a major development challenge in the constituency. This diverts development resources and productive labour to treatment and caring for the sick.

Water Scarcity: Water is a scarce resource in many parts of the country. Ground water, which is the main source, is not accessible in some areas of the constituency. This scarcity poses a major economic drawback to both farming and pastoralism, which are the major economic activities in the constituency.

VISION, MISSION AND CORE VALUES

Vision: “A leader in the effective and efficient management of devolved funds”

Mission: “To implement determined strategies and activities for equality in access to education and reliable security services for constituents through prudent management, and effective and efficient utilization of allocated funds”

Core Values: The Mandera West Constituency is committed to upholding the following values:

1. Honesty and Integrity
2. Efficiency and Effectiveness
3. Innovativeness and Creativity
4. Inclusiveness
5. Equity and Equality
6. Accountability and Transparency

Comments

Comments by the DCC Mandera West Sub County

The DCC Mandera West presided over the meeting and called the gathering into order at 9.00 am and invited Assistant Chief Takaba Location to lead with an opening prayer.

The DCC thanked all the attendants for keeping time and explained the importance of public participation in project identification.

Comments by the Chairperson, Mandera West NG-CDF

The Mandera West NG-CDF Committee Chairperson thanked the community for the participation and gave preview of the programme for the fora. He urged the participants to be careful in the identification of the needs of the community and give priority where necessary. He assured the participants of the consideration of merit and objectivity in the project submission.

Comments by Fund Manager on the nature of projects in respect to NG-CDF Act

The Fund Manager highlighted the projects that are both eligible and ineligible for funding under NG-CDF Act. He outlined, at depth, the functions of both the County and National Governments as enshrined in the Fourth Schedule of the Constitution of Kenya. He precisely told the attendants that NGCDF are advised to undertake non-devolved projects only e.g. Security, Education among others. The Manager, further, informed the attendants that the exercise they are undertaking will inform project identification in financial year 2022/2023 and FY 2023/2024.

Comments

Comments by the Chairperson, Mandera West NG-CDF

The Chair NG-CDF Committee Chairperson thanked the participants for sacrificing their time to attend the important meeting. He informed the attendants of the importance of community involvement in any development process and the benefits of bottom-up projects' identification process. He further encouraged that the community should be good stewards of the NG-CDF to promote development in their areas.

Comments by Fund Manager on the nature of projects in respect to NG-CDF Act

The Fund Manager explained to the Open Public Baraza the relevance of the forum as stipulated in the NG-CDF Act 2015, and the nature of projects fundable by NG-CDF. He, further, explained that the projects to be funded to include projects that are communal and benefit a wide cross section of the inhabitants, leaving out projects that benefit individuals, supporting political and religious bodies and those that are in respect of works and services falling within the devolved functions of the county government. The Manager, further, informed the attendants that the exercise they are undertaking will inform project identification in financial year 2022/2023 and FY 2023/2024.

Comments by the Sub County Education Director

The Sub County Education director informed the member of the transition of Grade 6 graduants to Junior Secondary Schools and urged NG-CDF to build infrastructure to facilitate seamless transition.

He decried the mushrooming new villages that have constrained resource allocation and informed the attendants that the Ministry of Education has halted the registration of new Schools.

He thanked NG-CDF for the continued intervention and ensuing that the education sector is well addressed with regards to infrastructure and service delivery.

Comments

Comments by the Mandera West NG-CDF Committee Chairperson

The Mandera West NG-CDF Committee Chairperson thanked the participants for their punctuality. He informed the attendants of the importance of public participation as it helps in addressing priority areas and helps in project sustainability. He encouraged the attendants to be objective and give priority to the most deserving projects and consider projects that are under the National Government.

Comments by Fund Manager on the nature of projects in respect to NG-CDF Act

The FAM to explained to the Open Public Baraza the relevance of the forum as stipulated in the NG-CDF Act 2015, and the nature of projects fundable by NG-CDF. He, further, explained that the projects to be funded to include projects that are communal and benefit a wide cross section of the inhabitants, leaving out projects that benefit individuals, supporting political and religious bodies and those that are in respect of works and services falling within the devolved functions of the county government. The Manager, further, informed the attendants that the exercise they are undertaking will inform project identification in financial year 2022/2023 and FY 2023/2024.

The Fund Manager further informed the attendants that they will consider Junior Secondary Schools infrastructure to facilitate seamless transition.

MIN 01/019/001/2023 INTRODUCTION

The meeting was called into order at 8.30 am. The chairman introduced the agenda. Thereafter he requested Mr. Abdikadir Kala to open the sitting with a word of prayers.

Agenda Agreed and adopted

MIN 02/019/001/2023 CONFIRMATION OF PREVIOUS MINUTES

The Secretary read out the minutes of the previous meeting after which the members confirmed as true matters discussed in the previous meeting. Thereafter, the secretary was told to proceed to the next agenda.

MIN 03/019/001/2023 PROJECT PROPOSAL FOR FINANCIAL YEAR 2021/2022

The Chairman introduced that the core business of the day was to discuss and approve the project proposal for the Financial Year 2022/2023 using the ward reports that had been generated from ward consultative fora conducted in all the five wards.

The Fund Manager thereafter drew members' attention to NG-CDF Board Circular reference number NG-CDFB/CEO/NG-CDF CIRCULARS/Vol II (033) dated 15th December 2022 on preparation and submission of constituencies' project proposals for the 2022/2023 financial year which the committee discussed at length.

He also informed the Committee members of the requirement to submit project proposal for the NG-CDF Board's approval in compliance with Sections 24, 25, 26, 27, 28, 29, 30 and 31 of the Act. He urged the members to ensure that the project proposals are prepared based on the outcome of the open forum public meetings and that the proposal should take into consideration the provisions of the National Development Plans and Policies as outlined in the vision 2030; the Mandera West Constituency Strategic Plan among others. The Fund Manager further advised the members to consider funding of necessary school infrastructure to facilitate transition to Junior Secondary Schools.

The Chair informed the sitting that the role of the members using the needs from the five wards in the constituency was to select projects amongst those requested by different institutions and also approve reasonable costs and estimates while using the ward reports. After agreeing on these roles, the members came up with bench marks that will guide them in approving the projects. These included; -

- Projects in Ward Reports – The members agreed to only select from the projects in the ward reports;
- Equality – The members agreed to ensure that there was equality in resource distribution;
- Priority – The members agreed that they would prioritize the needs of the community as the needs would always outweigh the resources available;
- Legality – The members also agreed that all projects proposed shall be within the scope of NG-CDF legal framework;
- Cost – in approving the projects the members also agreed to consider reasonability and value for money.

The members also agreed to give special attention to Junior Secondary Schools' infrastructure to facilitate seamless transition.

After discussing all these bench marks and assessing the different needs of the different wards, members approved the following projects for submission:
