	<b>TOTAL</b>		<b>137,088,879</b>	

Mount Kulal is an eroded-down extinct volcano located in northern Kenya, just east of Lake Turkana. The mountain has an elevation of 2,285 metres (7,497 ft). The lakeside town of Loiyangalani is located 50 kilometres (31 mi) west of Mount Kulal.

Cost of construction at Arapal and Mt.Kulal (Gatab) and it's environ is high occasioned by poor road infrastructure which sometimes is inaccessible and high cost of materials, skilled labour and there no hardwares for building materials, most materials are purchased in Marsabit and block stone from Meru town.

During the inspection of CSR project at laisamis, the CEO proposed a change of staircases to do a ramp for Laisamis office block,do one big toilet with supporting structures and a ramp for the disabled inside the building. According to the county works officer, there was no provision for the ramps in the BoQ and the CEO suggested that they design the ramp and the Board would allocate money for it. It was observed that

the two boardrooms inside the building were small and the FAM cited that they had a plan to build one big social hall outside and asked the Board to approve for the same.

MIN 05: 22/09/2021 A.O.B.

There being no other business the Chairlady thanked all members for their contributions and called off the meeting at 5.40PM.

## LAISAMIS CONSTITUENCY WARD MEETINGS

---

### **1.0 Introduction or Background About CDF:**

The Constituencies Development Fund was created by the Constituencies Development Fund Act, 2003 with the primary objective of addressing poverty at grassroots level by dedicating a minimum of 2.5% of the Government ordinary revenue to grassroots development and the reduction of poverty. The fund is managed by the Constituencies Development Fund Board (CDFB)

In January 2013, the CDF Act 2003 (as amended in 2007) was repealed and replaced with CDF Act 2013 that is aligned to the constitution of Kenya 2010.

The enactment of the CDF Act 2013 was mainly aimed to ensure that the law governing CDF is aligned to the Constitution of Kenya 2010, specifically in compliance with the principles of:

- transparency and accountability,
- separation of powers; and
- Participation of the people.
- The new law was also aimed to align the operations of the Fund to the new devolved government structure.

### **1.1 About Laisamis Constituency:**

Laisamis Constituency is an electrical Constituency in Kenya. It is one of the Constituencies in Marsabit County. Laisamis Constituency details is as follows: - Constituency number 048, Constituency name is Laisamis with constituency area in Sq. Km (Approx.) **20,290.50**. It has 5 wards namely;

1. Loiyangalani Ward
2. Kargi/South Horr Ward
3. Korr/Ngurunit Ward
4. Logologo Ward

#### **MIN 3/17/09/2021 A.O.B**

There being no other agenda the meeting ended with a word of prayer by Edward Lesukat at 3.30 pm

Conclusion

The National Government Constituency Development Fund Committee (NG-CDFC) should discuss the ward minutes considering the need for equity in sharing of resources between and among the five wards. Reference should be made to the Constituency Strategic plan, County Development Plans, the National Medium Term and Big Four (4) agenda priorities before coming up with the final project priorities. This is just but a guide and it is the prerogative of the NG-CDFC to come up with the final list of projects to be funded.
