**RE; REQUEST FOR CONSTRUCTION OF AN ADMINISTRATION OFFICE AND HOUSES AT ASTU BASE CAMP MOITE**

I hereby make a humble request on the above subject.

The camp was established in 2013 to curb the cattle rustling menace along the border between North-Horr and South Horr and also prevent cattle raids amongst the Turkana, Gabra and Samburu communities living in the area. However, the living conditions of the officers is deplorable. The camp hosts about fifty seven[57] police officers crammed in only eight unihuts without a proper office or armoury for safe storage of their arms.

I am of the opinion that it is necessary to erect permanent buildings to shelter the security officers.

The tireless efforts by our men in anti-stock theft operations and recoveries have borne peace and tranquillity within and around their area of operation

This request is forwarded to your office for administrative action

Thank you in advance
