WARD REPORT

2024/2025 FINANCIAL YEAR

IEBC NUMBER 051

SUBMITTED

Date: 9th December, 2024

1.0. Introduction.

The ward forums are a consequence of the Public Participation concept of the Constitution of Kenya 2010. The NG CDF Act of 2015 as amended in 2023 requires that Ward forums be conducted every two years at each ward in the constituency to give the public an opportunity to make proposal of their development priorities in their regions.

1.1. About NG CDF

This kitty was established under Constituencies Development Fund Act 2003 with the objective of addressing poverty at grassroots level.

Over the time the fund has undergone various changes through establishment of CDF act 2007, NG-CDF 2013 and finally NG-CDF 2015 as amended in 2023

Its main objectives are:

- To achieve promote development at grassroots level through equitable social economic distribution of development resources hence controlling imbalances in the area.
- Putting up of education, security facilities and other developmental areas.

1.2 About Igembe South

Igembe south is a constituency within Meru County. It has 5 wards namely: Maua ward, Kanuni, Akachiu, Athiru Gaiti and Kiegoi /Antubochiu ward.

The constituency is well known for its largescale production of Miraa for export and its supply to the rest of the country's major towns. However, in the recent past, the economy of the place has been greatly disrupted by the impact of covid -19 whose recovery has not been achieved.

1.2.1. Overview of Fundable Projects under NG-CDF

The Projects Fundable under the NG CDF Act 2015 as amended in 2023 are those that are in respect of works or services falling within the exclusive functions of the National Government as enumerated in the Part 1 of the Fourth Schedule of the constitution. The projects majorly include those in the Education sector, Security Sector and Climate Change Mitigation. Also, the NG CDF prioritizes projects that foster sustainable development, promote human dignity and protection of the marginalized.

3.4.9 Challenges

- a) All community members were biased with their proposal since they preferred their areas hence it became difficult to balance projects across the ward. There was a call

for urgency in fulfilment of the community desires through actualizing the proposed projects

- b) Members expectations on the time it would take to complete the projects were unreasonable. Some projects would need more than one funding thus making it hard to complete them in such a short period of time.

3.4.10 Way Forward

- a.) The NG-CDFC members to Fastrack the propjets proposal process for quick approval by the NG CDF Board
- b.) Prompt implementation of the projects through the PMCs as assisted by the relevant technical officers of the Government,
