preparation and submission of constituency project proposals for 2024/2025 financial year. He informed members that the constituency had been allocated a total of Kshs. 179,441,954.47 for the current Financial Year and that the following key guiding areas as per the circular shall guide the preparation and submission of the proposals to the Board for consideration:

1. Project identification through ward forums
2. Consultation with the appropriate agencies on realistic project cost estimates
3. Consideration of ongoing projects
4. Budgeting of administration and Monitoring expenses
5. Consideration of climate change mitigation and adaptation activities
6. Financing of Constituency Digital Hubs
7. Funding of social security programme and Social Support Programme
8. Construction of NG-CDFC offices
9. Projects considered under Appropriation in Aid
10. Procurement of NG-CDFC Motor vehicle
11. Aligning Projects to BETA, Constituency Strategic Plan and other National Policies

**a. Deliberation on the Ward Report**

The Chair tabled to members the ward report that was conducted between 14/08/2024 and 04/10/2024. From the report, the communities were guided on types of projects and the basis of consideration which included the amount allocated to the constituencies, constituency strategic plan and the National Government guiding policies. Each ward came up with at least 9 to 12 projects majorly in education, security and climate change areas as captured in the ward report. Summary of the projects considered from the ward report per ward is as below;

#### b) Ongoing Projects

The manager table a summary of the Monitoring reports that capture the status of all the projects and summary of the ongoing report that was submitted to the Board earlier. From the report, 4 no of projects were reported as ongoing. Some of the projects were meant to be completed, however due to cost variations as advised by the public works, the projects needed more funds. Other projects were to be funded in different phases and required additional funds to either complete a phase or final phase. The manager reminded members that funding of ongoing projects takes precedence and must be done within three financial years.

The previous submitted report of ongoing projects had Machaku Day Secondary School and St Johns Nchooro Secondary School. However, the list is amended to include others which have emerged in the course of implementation. The amended report of ongoing projects for 2024/2025 financial year is attached. It is also worth noting that, the implementation of 2023/2024 FY projects is still on course and may give rise to more additional works.

**c) Climate change mitigation and adaptation activities**

The manager tabled a guideline on climate change issues by the Board. The committee after deliberation considered funding of tree planting in 37 schools amounting to sh 2,500,900 that had requested for the same, copies of which are attached.

**d) Constituency Digital Hubs**

The committee considered the ongoing construction of a basic digital hub as per the guidelines issued by the ICT authority. Kianjai Chiefs office was chosen due to its strategic location owing to the fact that, the compound also accommodates the Kianjai Chiefs Office and Kianjai AP post. The hub is within Kianjai town, a major business hub in Tigania West. The design was downloaded from <https://jitume.konza.go.ke/#/home/downloads> as was guided by the board. All the following have been taken into account;

- Space requirements
- Floor specifications
- Mechanical specifications
- Room habitability
- Electrical specifications
- Local Area Network Specifications
- Appropriate furniture
- Security features
- Health Safety features and
- Access by PWD

The committee also allocated funds for Digital Hub Recurrent expenditure.

### e) Funding of Social Security Programme and Social Support Programme

The committee considered Social Security Programme and Social Support Programme and noted the following

- i) The funds allocated in the last financial year (Ksh 600,000) was not utilized due to uncertainty existed then. The funding is current undergoing due diligence taking into account the new developments.
- ii) The committee therefore did not allocate more funds in 2024/2025 FY. This is because, the funds available is sufficient to cover the targeted beneficiaries in this financial year.

### f. Funding of JSS Schools

The manager tabled to members a report by the Ministry of Education on the need to fund Junior Secondary School especially construction of Grade 8/9 classrooms. As per the Ministry of Education, the below schools required additional classrooms.

The committee deliberated on the above matter and observed that:

- 1) The report is grossly exaggerated since it's undisputed fact that, NGCDF funded construction of JSS classrooms in 2023/2024 FY some of which are still in this report. The schools in question are:
  - a) Kamarima Primary School-Construction of one classroom.
  - b) MCK Mwerondu Primary School-Construction of one new classroom.

The committee therefore resolved to request the Sub County Director of Education (SCDE) Tigania West to review and advice on the current status.

The committee however considered the available funds and other needy projects and finally agreed to consider funding the schools as follows and the remaining after review by SCDE to be considered in the subsequent financial years.

a) Construction of one new classroom to completion

S/NO	SCHOOL	GRADE 8 ENROLLMENT	CLASSROOMS
1	KALIMBA JS	25	1
2	MUMUI JS	18	1
		<b>SUBTOTAL</b>	<b>2</b>

b) Renovation of classrooms to be used by JSS students. The committee noted that, most schools have idle classrooms which only needs rehabilitation for them to be put into use. It is as such reasonable to rehabilitate those classrooms to be used as JSS classrooms instead of constructing new classrooms.

S/NO	SCHOOL	GRADE 8 ENROLLMENT	CLASSROOMS

## **1.0 INTRODUCTION**

The NG-Constituency Development Act 2015 stipulates in part 5 section 27 subsection 1 and 2 that the chairperson of the NG-CDFC shall, within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency.

The NG-CDFC shall then deliberate on project proposals from all the wards in the constituency and any other projects which the Constituency Committee considers beneficial to the constituency, including joint projects with other constituencies, consider the national development plans and policies and the constituency strategic development plan, and identify a list of priority projects, both immediate and long term, out of which the list of projects to be submitted in accordance with the Act shall be drawn from.

Citizen participation in project planning, management and implementation planning requires the involvement of concerned stakeholders. This includes identifying public concerns and values and developing a broad consensus on planned initiatives. It is also about utilizing the vast amount of information and knowledge that stakeholders hold to find workable, efficient and sustainable solutions.

Public participation encompasses a range of procedures and methods designed to consult, involve, and inform the public to allow those that would be potentially affected by a decision or policy to have input into the process. Community participation motivates the stakeholders to work together, recognize the benefits of their involvement and own the projects in their localities.

Stakeholders play a central role in setting up priorities and objectives of development

Initiatives in order to ensure relevance and appropriateness. It is important that all stakeholders are involved in the development of projects and not just direct beneficiaries of an initiative.

## **1.1 ABOUT NG-CDF**

The Constituencies Development Fund (CDF) was established under the Constituencies Development Fund (CDF) Act, 2003, amended in 2007 and repealed by the CDF Act of 2013. In 2015, the CDF Act of 2013 was declared unconstitutional and a new Act was enacted in 2015, being the National Government Constituencies Development Fund Act, NG-CDF Act, 2015. The National Government Constituencies Development Fund (NG-CDF) is under the Ministry of Devolution and Planning.

The Constituency Development Fund (CDF) was introduced in Kenya in 2003 with the passage of the CDF Act 2003 by the 9th Parliament of Kenya which was repealed in 2013 by the CDF Act 2013. The CDF Act provides that the government set aside at least 2.5% of its ordinary revenue for disbursement under the CDF program.

The fund was designed to support constituency-level, grass-root development projects. It was aimed to achieve equitable distribution of development resources across regions and to control imbalances in regional development brought about by partisan politics. It targeted all constituency-level development projects, particularly those aiming to combat poverty at the grassroots and entrench equitable distribution of development.

The objective of the Fund is to provide mechanisms for supplementing implementation of the National Government Development Agenda at the constituency level.

The CDF program has facilitated the putting up of new water systems, health and education facilities in all parts of the country, including remote areas that were usually overlooked during funds allocation in national budgets.

### 3.1 CHALLENGES

1. Lack of civic education among the locals on the roles of NG-CDF with the community presenting proposals that are not within the scope of work of NG-CDF.
2. Despite the national government announcing post-covid recovery measures, clear guidelines have not been spelt on how we can help our people to recover economically. This has led to continued increase of poverty levels within the society which affects the office indirectly.
3. There have been many challenges since some sectors were devolved and therefore could no longer be funded by NG-CDF. Due to this some projects have stalled and this has caused a lot of complaints from the community members. For instance, some bridges and roads that were in the past being improved through NG-CDF have been neglected after they were handed over to county government and it is a challenge to satisfactorily make the public understand the shift of roles.

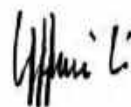

### 3.2 WAY FORWARD

Community Members were urged to discuss their problems during community meetings or elders' meetings whenever they meet and send their proposals to the Office for record purposes. The Present Members of the Community were requested to hold sensitization meetings on the feedback of the forums once they arrive home. That is to call community gatherings and inform the people of what transpired at the public forum.

- The Community Members were informed that Issues raised in this Public Forum will be financed during the Financial Year 2024/2025 and in case of change of idea they will be notified of the changes.
- The Community Members were requested to Monitor the activities of the Contractors without interference and ensure that they provide quality services. In Case the community is not satisfied with the nature in which the projects were done, they were requested to notify the office in time.
