It was reported that only 65% of the trees had survived, several challenges were reported. The committee noted that the letters addressed to the heads of school and the monitoring and evaluation exercise was helpful in ensuring the heads of school understood their responsibility in ensuring that the trees survived.

The FAM was requested to arrange for another monitoring and evaluation exercise to ensure the heads of school nurture the seedlings.

Mr Justin Mugendi was tasked to prepare a comprehensive report and table it in the next NGCDFC meeting.
