Some projects were not captured in the last ongoing project report since they had not begun by the time the report was finalized and the committee had not anticipated that prices of building materials would sky rocket like they did.

Ragia Secondary, Kambata Secondary and Munyaka Secondary Schools were to be partnerships between parents and NG CDF but the schools were unable to play their part due to financial challenges and therefore the committee agreed to complete the projects.

In FY 2020/2021, Ksh 12,000,000 was held by the board and was later disbursed in FY 2022/23 and therefore all the projects affected had to have other BQ'S amended.

knowledgeably, prudently and without compulsion.'

GENERAL REMARKS

The upgrading of the Githioro to Naivasha road has led to a sharp increase in land values for the areas fronting and near that road. Other factors to take into account are the proximity to major urban areas of Naivasha and Nairobi City/County as well as population increase which when combined lead to increase in land values as witnessed in the recent past.

VALUATION

Taking into account the terms of reference and the general remarks we value the freehold interest in **NYANDARUA/GITHIORO/6250** at **Ksh.750,000/= (Words: Seven Hundred and Fifty Thousand shillings.)**

REPORT AND VALUATION

UPON LAND TITLE

NYANDARUA/KARATI/10712

TERMS OF REFERENCE

Following instructions received from the Fund Account Manager, Kinangop Constituency NG-CDF vide her unreferenced letter dated 31st October 2023, to carry out a valuation on the land title under reference for purchase purpose, we now have the pleasure of presenting our report and valuation as hereunder.

NYANDARUA /KARATI/10712

- DATE OF INSPECTION:** 10th November, 2023.
- AREA:** Nought Decimal one Nought one of a hectare (0.101Ha) the equivalent of Nought Decimal Two Five Acres(0.5Acs) or thereabout.
- SITUATION:** The property is about 3km from the Githioro to Naivasha Highway turning to the left at Kimemia junction as you head towards Naivasha from Githioro and then along a gravel surfaced road and past Kahuho shops and along that road to Heni and Mwendandu Trading Centres. The property fronts that gravelled surfaced road and is next to Heni Dairy farmers store (under construction). (G.P.S Cordinators 37N 227497 9915844).
- REGISTERED PROPRIETOR:** The freehold interest is registered under the name of the SAMUEL MWANGI MAINA as per the official search dated 10th January 2024
- ENCUMBRANCES:** NIL.
- THE LAND:** The property was vacant at the time of the inspection with boundary corners marked with survey beacons. The terrain is of level gradient while the soils are of loam type.
- SERVICES:** Roads; Fronting gravelled road, all weather road (Tarmac) is 3km away.
Electricity; Available for Connection.
Water; Not connected.
Foul Discharge; Will be by way of soak pit/septic tank.

NEIGHBOURHOOD: Typical Kenyan rural neighbourhood with mainly small holder subsistence farming where the main economic activity is horticulture growing as well as dairy farming.

VALUATION METHODOLOGY

Basis of valuation

We have valued the property on the basis of market value for vacant land, whereby the market value is taken to be 'the estimated amount for which an asset or liability should exchange on the date of valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion'. In arriving at the market value, a market analysis of most recent property sales in the locality was carried out.

MAPS

We have examined the relevant mutation serial no 04558275 and are convinced that the property inspected conforms with that map.

GENERAL REMARKS

This is a front low plot to a gravelled road which the local people believe is earmarked for upgrading to bitumen standards (all weather) in the near future. Land in Nyandarua County has increasingly been subdivided into smaller portions because of family succession issues and has also registered a rise in value because of increasing demand as a result of proximity to major urban centres such as Nairobi City/County, Naivasha, Nakuru and Nyahururu. This particular area of the County enjoys sufficient rains all year round. The newly constructed Githioro to Naivasha road has opened up the area for development and has contributed to a rise in land values.

NYANDARUA /KARATI/10712

VALUATION

Taking into account the terms of reference and the general remarks we value the freehold interests in **NYANDARUA/KARATI/10712** at **ksh.650,000/= (Words: Six Hundred and Fifty Thousand Shillings)**.
