MIN. 5/NG-CDE/23/09/20: EMERGENCY

Vision: To be a leading public institution in the effective and efficient management of devolved funds

Members in agreed on the need to revisit over the upcoming queries from the Public concerning the status of toilets in most of the primary schools toilets where most have sunk and others with holes and cracks that can lead to an intended danger to pupils.

Due to these challenges, members agreed to look in the emergency of the matter to stop the disaster that might arise as schools re-opens. Since the budget proposal couldn't cater for these Projects, Members agreed to select the most affected toilets and those that might prevent affected schools from reopening. Members requested the Fund Account Manager to allocate four schools some money since their toilets have sunk and can't be used anyone. Members agreed to allocate each school 500,000 shillings.
