He urged that proper financial accounting, procedure and regulations are practiced in the projects undertaken by NG-CDF. Also the New NG-CDF Act, 2015 is what guides the composition and operations of the NG-CDF.

Cooperation between Government departments/ technical officers is always enhanced for example works officer, procurement officer, roads officer, district water officer e.t.c this technocrats are responsible for bills of quantities, drawings and designs, advising on laws and regulations, supervision.

He advised the project management committee should always liaise with the said departments in writing project proposals and in the process of implementation of the projects.
