## 1.0 Background on NGCDF

The National Government Constituencies Development Fund (NG-CDF) is established under Section 4 of the NG-CDF Act 2015 as amended in 2016, with an objective of addressing poverty and regional development imbalances by dedicating a minimum of 2.5% of the National Government share of annual revenue as divided by the annual Division of Revenue Act enacted pursuant to Article 218 of the Constitution. The funds are geared towards community driven development projects in every constituency identified and implemented at grassroots level.

The Fund is managed by the NG-CDF Board, which is a Body Corporate established pursuant to Sections 14, 15 and 16 of Act. At the constituency level, the day to day management of the Fund is vested on the National Government Constituency Development Fund Committees that are in place in each of the 290 constituencies countrywide.

The main mandate of NG-CDF Board is to consider project proposals submitted from various constituencies in accordance with the Act, approve for funding those projects proposals that are consistent with the Act and send funds to the respective constituency fund account of the approved projects.

### Comments

By the Chair NGCDFC

He mentioned to the meeting the relevance of the forum as stipulated in the NG-CDF ACT 2015, and the nature of projects fundable by NG-CDF, to include projects that are communal and benefit a wide cross section of the inhabitants, leaving out project that benefit individuals, supporting political and religious bodies and those that are in respect of works and services falling within the devolved functions of the county government

***By the Deputy County Commissioner (DCC)***

He commended the participants for setting some time out of their busy schedules to attend the noble meeting, since it is them who should tell the NG-CDFC the projects they would like to be implemented in their localities being the first hand beneficiaries.

He called upon the participants to restrict the projects within those permissible by the NG-CDF Act 2015 and its regulations. He further urged them to good shepherds of the government funds and government funded projects, since they are the custodians of the projects in their localities. He also reported on that the Mp had advised

He insisted to the members that due limited funds all the projects cannot be implemented at once but gradually hence the need of setting priorities

### Challenges

Much emphasis has been put on NG-CDF funds by the public but due to the restrictive nature of the NG-CDF Act few projects can be funded.

The perennial water problem in the area should be addressed urgently

The youth who apply for the contracts do not have the pre requisite documentation for the them to qualify for the Jobs.

The security issue is still critical and this has always increased costs for projects in combination with water scarcity

### Way-forward

The meeting resolved that funding of projects that have been devolved should be avoided as per the NG-CDF Act 2015, hence the area Member of County Assembly should also organize a forum where the constituents will propose the projects that the county government can implement in their areas.

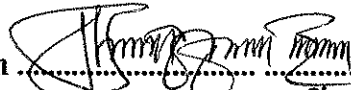

The stakeholders agreed to equip the already established institutions instead of registering new schools

They also asked increased funding
