**Min. NG-CDFC/PS/132/4/10/2019: 2019/2020 Financial Year Project Proposal of Kshs 137,367,724.14**

The total allocation for Pokot South National Government Constituency Development Fund for 2019/2020 financial year is **kshs 137,367,724.14**. The NG-CDFC felt it fit to start this agenda by discussing on the ward report. The members went through the ward report paragraph after paragraph and noted with a lot of concern that the public have a lot of priorities in the institutions of learning vis-à-vis the allocation for Pokot south NG-CDF. The members decided to consider the most priority projects in the project proposal. Therefore NG-CDFC members unanimously adopted the ward report. The committee members also realized that in the Ward report there were a lot of incomplete projects in both primary schools and secondary schools that were in co-funding with parents, and they are not able to complete them at the moment to be utilized by students on time. It was also noted that there was greater need and requests from the public that the projects in co-funding with parents be completed by the Pokot south NG-CDF in order for students to have conducive learning environment. The members resolved to complete all ongoing projects that were started by both NG-CDFC and parents. Thus, the Pokot South NG-CDF Committee resolved that the above amount be spend as follows;

- Administration and recurrent expenditure - kshs 8,148,451.76
- M&E and capacity building – kshs 4,021,031.00
- Emergency – kshs 7,198,241.38

- Secondary School Projects – kshs 39,800,000.00

<b>GRAND TOTAL</b>		<b>137,367,724.14</b>	

It is noted that the NG-CDFC allocated a classroom to completion in Pokot South constituency between kshs 700,000 to kshs 1,250,000. This resolution was made because Pokot South constituency is majorly divided into two, or is rather characterized by two different topographies.

There is the highland region which is vast and hilly with poor road networks. This region has no locally building materials like sand and stones, so acquiring and transportation of building materials from the lower region to higher region is costly

There is the lower region whereby local building materials are easily obtained nearby and the hardware materials are also easily obtained with least or no transportation cost. It is because of this diverse topographies that has caused the variations in the allocation of funds to a project, that is between kshs 700,000 to kshs 1,250,000 per classroom depending on the project location

The amount allocated to buses is adequate for one off purchase excluding the cost of insurance and the NG-CDFCs will not enter any other asset financing.

The amount allocated to purchase of school land is also adequate for purchase to completion. The land price varies depending on the location of the land.

The NG-CDF Committee unanimously resolved to approve the above Project proposal for funding in Pokot south NG-CDF funds in 2019/2020 financial year.

The committee members urged the Fund Account Manager, NG-CDFC chairperson and secretary to finalize the Project proposal and forward to the NG-CDF Board for approval.

**Min. NG-CDFC/PS/132/5/10/2019: A.O.B**

1. The NG-CDF Committee to be paid allowances for four days amounting to kshs 188,000.00 during identification of project proposals in the four (4) wards of Pokot South Constituency
2. Payment of the facilitation and other logistics during public participation process
3. NG-CDF Committee sitting allowance for the meeting of kshs.47, 000.00 to be paid.
