21. St. Lilians Special School	Construction of 2 classrooms Construction of toilets Construction of dormitory
22. Sabwani Boys Seondary School	Construction of twin science laboratory Construction of 2 classrooms Completion of 4 classrooms

2.6 Challenges in Endeless Ward

1. There are cases of poor workmanship among the fundis engaged by contractors and PMC's. This is resulting in compromised quality of finished work.
2. There is generally still a challenge for PMC's failing to label projects when completed. This makes it difficult to identify who, when and by how much a project was done.
3. The other challenge was raised as delay in disbursement of funds by the committees for implementation.

2.7 Way Forward

During the meeting it was resolved that in order to realize enhanced development and value for money;

1. PMC's should ensure and observe that only qualified fundis are involved in construction projects and that this should be supervised by works officer.
2. PMC's were advised to set aside some funds from the administration vote to label a project once it is completed.
3. The NG-CDPC committed to be immediately disbursing approved funds to PMC's once received from the board.
