| 23. Chepsalei Secondary School | Completion of twin Science laboratory Construction of 2 classrooms Construction of administration block Purchase of school bus |

3.5 Challenges in Matumbei Ward

1. The people raised the issue that the committee allocates funds to some projects in piecemeal and this derails completion of projects for use by intended beneficiaries.
2. There has been observed some conflict of interest among some PMC members during project implementation.
3. There are many incomplete classroom construction projects
4. The public also raised the issue of delay in clearance of Cheque confirmation schedules by the NG-CDF.

3.6 Way Forward

1. The NG-CDFC committed itself to allocate sufficient funds so that projects don't stall. However this will depend on the budget allocation and number of requisition for funds from the constituency.
2. Project Management Committees were advised to uphold highest level of integrity when procuring and implementing projects ie be above board. Otherwise those involved in corrupt deals would be held accountable for their actions.
3. NG-CDFC to prioritize funding to incomplete projects
4. The NG-CDF requested the PMC's to ensure proper procedure and documentation for a project and this would ease the process of clearing cheque confirmation schedules to the bank.
