1.0 Background on NGCDF

The National Government Constituencies Development Fund (NG-CDF) is established under Section 4 of the NG-CDF Act 2015 as amended in 2016, with an objective of addressing poverty and regional development imbalances by dedicating a minimum of 2.5% of the National Government share of annual revenue as divided by the annual Division of Revenue Act enacted pursuant to Article 218 of the Constitution. The funds are geared towards community driven development projects in every constituency identified and implemented at grassroots level.

The Fund is managed by the NG-CDF Board, which is a Body Corporate established pursuant to Sections 14, 15 and 16 of Act. At the constituency level, the day to day management of the Fund is vested on the National Government Constituency Development Fund Committees that are in place in each of the 290 constituencies countrywide.

The main mandate of NG-CDF Board is to consider project proposals submitted from various constituencies in accordance with the Act, approve for funding those projects proposals that are consistent with the Act and send funds to the respective constituency fund account of the approved projects.

This ward has 22 primary schools and 7 secondary schools. Kaplolo secondary was the last to be opened in July 2021. We are yet to fund the school though the current facilities were funded by NGCDF for a polytechnic. The school facility across the ward is most acute because it's an ASAL Region.

- By the Deputy County Commissioner (DCC)

She encouraged the participants to support the national policies and procedures. As NGCDF strives to improve the schools infrastructure, the parents and public in general should ensure that all the children are enrolled in schools and also support the school programs for the wellbeing of the child

4.0 Ward Meetings

4.1.0 TEMBELIO WARD

4.1.1 The meeting was held on Thursday 26th August 2021 from 9.00am-12.30pm.

4.1.2 Those present included:

- Mrs. Wekesa Everlyne- Deputy County Commissioner
- Mr. Kiprono Kibosia Chairman NGCDFC Moiben Constituency
- NGCDF Committee Members
- Members of the public.

4.1.3 Comments

❖ By the Chair NGCDFC

This ward has 25 primary and 9 secondary schools. The heavy rains have left some school soggy. Efforts will be made with the appropriate authorities to improve drainage. This water logging has also affected the pit latrines. The water level may expose our students to diseases due to splash back. We propose to change this by raising the floors of the pit-latrines; Seko Secondary, Ruiyobei Primary and Kimore Primary have challenges of land

❖ By the Deputy County Commissioner (DCC)

As the country puts its feet on the fight against Covid 19, the public is also requested to follow suit so that we can all win and bring back our economy. Ensure that you always put a check on yourself by sanitizing and keeping social distance.

❖ Fund Account Manager.

- The public is advised to submit projects which conform to the NGCDF Act ie projects which fall under functions of the National Government.
