0.1 About NG CDF

The National Government Constituency Development Fund (NG CDF) was established under NG CDF Act 2015 and Rules and regulations 2015. It targets all constituency-level National government development projects, particularly those aiming to combat poverty at the grassroots. The fund comprises an annual budgetary allocation equivalent to 2.5% of the government's ordinary revenue. 75% of the fund is allocated equally amongst all 290 constituencies. A maximum 35% of each constituency's annual allocation may be used for an education bursary scheme. NG CDF is managed through committees.

The exercises took place from 20TH September to 24th September 2021 in all the wards and twice in Ainabkoi Olare ward because of its expansive nature. The information on

PK

the schedule of meetings was done through text messages to the PMC'S and Chiefs. Also public notices were circulated in all public places of the constituency.

KAPSOYA WARD

The meeting held on 20TH September 2021 at Kapsoya secondary began with a welcoming speech done by the principal of the school Mr. Patrick Kipkenda. He was thankful to the NGCDF office for choosing his school for the purpose of public participation. The constituency deputy manager Mr. Barnaba Tanui then welcomed the Fund Account Manager who in turn introduced the NG-CDFC members , NG- CDF staff and Constituency staff who were part of the team in the meeting.

The fund account manager took time to inform the meetings that the act 2013 requires the chairman in consultation with the CDFC to convene open public meeting in every ward. This meeting follows the previously done public participation and it was necessary in that the office is new.

The project allowed for funding exclude the following, projects supporting religious activities, private projects. He also informed the meeting on separation of powers between the national and county government. CDF basically has two major sectors, that of Education and Security, including sports and environment and also capital projects such as Kenya medical training colleges.

In all the three wards the fund account manager elaborated on the project cycle. This includes

- Ward meetings – identify and prioritize community needs.
- Project proposal – the CDFC prepare constituency project proposal for the submission to the board
- Proposal approval the board ensures it conforms with the act before approval
- Funds disbursement the board then disburses funds for approved projects to the CDFCs for onward disbursement to pmc account.

Kapsoya ward is unique in the sense that It is a ward and a location at the same time. And at that point the fund account manager let the meeting decide on which way they wanted to prioritize the projects. One member Mr. Dolly suggested that ward meet in clusters such as illula /beliomo, kipkorgot, kapsoya and munyaka and after lengthy discussions majority wanted each institution to prioritize projects individually.

After the agreement, some questions were raised concerning funding to these projects. Mr Denis kiprop wanted those schools that had been funded previously to allow other

PK PJK

DEPUTY COUNTY COMMISSIONER

schools which had not been funded, however the principal Koibarak secondary school objected the suggestion saying needs differ from institution to institution.

The principal Moi Girls high school suggested that before funding, a team from Ng-cdf should tour the site of the proposed project before commencement to ascertain the cost of the project. This is because the nature and terrain of some places differ.

KAPTAGAT

The meeting was held at St. Gregory Naiberi Secondary School. The principal, Mrs. Anita Kilach took the opportunity to welcome the attendance to the meeting. The fund account manager requested the meeting to express the way in which they could propose their projects. All in Unisom agreed to propose their projects per institution. The institutions were urged to come up with projects that will have a great impact. For the all ward one member requested meeting to think of a project that will benefit the ward.

AINABKOI/OLARE WARD

The exercise was done in three venues because of its expansive nature. The venues were at Arap Moi primary school, Waunifor primary school and Arnesens primary school. Like the other wards the meetings in these venues resolved to list their priorities per institution. Each institution is expected to come up with a list of priorities that will be presented by their secretary.

The three wards forwarded the following projects for proposals for consideration by the CDFC. The chairman assured the participants that CDFC will look at all the priorities objectively. The ordering may change. New proposals may also be considered on projects CDFC feel they are beneficial to the community.
