## 1.0 Background on NGCDF

The National Government Constituencies Development Fund (NG-CDF) is established under Section 4 of the NG-CDF Act 2015 as amended in 2016, with an objective of addressing poverty and regional development imbalances by dedicating a minimum of 2.5% of the National Government share of annual revenue as divided by the annual Division of Revenue Act enacted pursuant to Article 218 of the Constitution. The funds are geared towards community driven development projects in every constituency identified and implemented at grassroots level.

The Fund is managed by the NG-CDF Board, which is a Body Corporate established pursuant to Sections 14, 15 and 16 of Act. At the constituency level, the day to day management of the Fund is vested on the National Government Constituency Development Fund Committees that are in place in each of the 290 constituencies countrywide.

The main mandate of NG-CDF Board is to consider project proposals submitted from various constituencies in accordance with the Act, approve for funding those projects proposals that are consistent with the Act and send funds to the respective constituency fund account of the approved projects.

#### 5.1.4 CHALLENGES

The public has over-relied on one fund especially bursary and the restrictive nature of the NG-CDF Act in terms of the scope of projects to be funded

#### 5.1.5 WAY FORWARD

The area ward representative should also hold consultative meeting with all the stakeholders in order to avoid duplication, double funding or concentration of similar projects in one locality.

#### 6.0 CONCLUSION

- The public tasked the area member of national assembly with the responsibility of enacting relevant legislation to enable the NG-CDF BOARD get more funds and release to the constituencies in timely manner within the financial year so as to help project development and payment of school fees to bright but needy students.
- Frequent development forum should be held to give the public information concerning the development initiatives being undertaken by all the development partners and the various funding agencies.
- There should be a joint forum where NG-CDF, county government and other development stake holders plan together to avoid duplication of projects.
- The meeting resolved that ongoing projects shall be given precedence, to fast track their utilization to enable the beneficiaries get value for money.

- Allocation to projects should also be adequate for a definite phase and equitable to enable completion of the project once started, since if completion is delayed the project cost rises due to factors like inflation and wear and tear.

Chairman.....

The committee requested FAM to submit the proposal to the Board for approval but sought to clarify that Mkeno primary school was captured as ongoing then, however, after exhausting the fund balance in the account the project is now complete. Lukuget secondary school is ongoing with implementation they have got some funds in the project account which hopefully would complete the project.
