3.8 CONCLUSION

1.0 INTRODUCTION

The NG-Constituency Development Act 2015 stipulates in part 5 section 27 subsection 1 and 2 that the chairperson of the NG-CDFC shall, within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency.

The NG-CDFC shall then deliberate on project proposals from all the wards in the constituency and any other projects which the Constituency Committee considers beneficial to the constituency, including joint projects with other constituencies, consider the national development plans and policies and the constituency strategic development plan, and identify a list of priority projects, both immediate and long term, out of which the list of projects to be submitted in accordance with the Act shall be drawn from.

Citizen participation in project planning, management and implementation planning requires the involvement of concerned stakeholders. This includes identifying public concerns and values and developing a broad consensus on planned initiatives. It is also about utilizing the vast amount of information and knowledge that stakeholders hold to find workable, efficient and sustainable solutions

Public participation encompasses a range of procedures and methods designed to consult, involve, and inform the public to allow those that would be potentially affected by a decision or policy to have input into the process. Community participation motivates the stakeholders to work together, recognize the benefits of their involvement and own the projects in their localities. Stakeholders play a central role in setting up priorities and objectives of development Initiatives in order to ensure relevance and appropriateness. It is important that all stakeholders are involved in the development of projects and not just direct beneficiaries of an initiative.

1.1 ABOUT NG-CDF

The Constituencies Development Fund (CDF) was established under the Constituencies Development Fund (CDF) Act, 2003, amended in 2007 and repealed by the CDF Act of 2013. In 2015, the CDF Act of 2013 was declared unconstitutional and a new Act was enacted in 2015, being the National Government Constituencies Development Fund Act, NG-CDF Act, 2015. The National Government Constituencies Development Fund (NG-CDF) is under the Ministry of Devolution and Planning.

The Constituency Development Fund (CDF) was introduced in Kenya in 2003 with the passage of the CDF Act 2003 by the 9th Parliament of Kenya which was repealed in 2013 by the CDF

Act 2013. The CDF Act provides that the government set aside at least 2.5% of its ordinary revenue for disbursement under the CDF program.

The fund was designed to support constituency-level, grass-root development projects. It was aimed to achieve equitable distribution of development resources across regions and to control imbalances in regional development brought about by partisan politics. It targeted all constituency-level development projects, particularly those aiming to combat poverty at the grassroots and entrench equitable distribution of development.

The objective of the Fund is to provide mechanisms for supplementing implementation of the National Government Development Agenda at the constituency level.

The CDF program has facilitated the putting up of new water systems, health and education facilities in all parts of the country, including remote areas that were usually overlooked during funds allocation in national budgets.

1.2 ABOUT NG-CDF MARAKWET WEST

1.2.1 Background of Marakwet West constituency

Marakwet West constituency is one of the four constituencies in Elgeyo-Marakwet County. It is situated North west part of the Republic of Kenya. It covers an area of 804.7 km². Dear Sir/Madam

RE: REQUEST FOR 3000 TREE SEEDLINGS FOR PLANTING AT YEMIT GIRLS SECONDARY.

Yemit girls' wishes to formally request your office to supply us tree seedlings to be planted around the school on available spaces.

The school wants to improve tree population within and it's surrounding's. The spaces have been available for sometime

The school proposes to;

- Clear bushes and trash on site
- Prepare ground for tree planting
- Water and maintain trees for the next 4 years

In order to finish the project in time before onset of rains, we would like to begin preparation early February. The school head may be contacted by mobile phone if you need any additional information.

Thank you in advance.

RE: REQUESTING FOR PLANTING TREES (SEEDLINGS)

Subject above refers to asking your office to provide us with trees seedlings to be planted in our school farm. This will go a long way to preservation of the environment and protecting our catchment areas from soil erosion.

We have continued supply of running water in the school thus we will maintain the seedlings well by taking care as part of the sustainability.

Kindly consider our request and thanks for the continued support to our school.

Thanks

Dear Sir/Madam

RE: Request for Tree Seedlings.

Following your need to assist school with tree seedlings to plant during this years' rainy season, we as a school wish to apply for the tree seedlings.

The school is in need of the said tree seedlings such as Cypress and Eucalyptus totaling to around 1000 (thousand) seedlings.

We shall be very grateful for the assistance given.

Thank you so much.

Faithfully yours

Dear Sir,
RE: REQUEST FOR 5000 TREE SEEDLINGS

The above school is requesting for the tree seedlings for planting in our school, therefore, we confirm that we have enough space for planting and it is fenced.

I hereby confirm to your office that we shall take care of the seedlings properly because we also have enough water in the school compound.

Sir, we look forward for your positive response.

Thanks.

Yours faithfully,

DEAR SIR/MADAM

RE: REQUEST FOR TREE SEEDLINGS.

The above mentioned institution is requesting your office for tree seedlings to be planted in the rainy season. The school will plant and take care of them by fencing to keep off domestic animals. The school land is fenced well. The learners will also take good care of them.

We are looking forward for your favorable conditions

Thank you

Yours faithfully,
