**MIN 03/19/FEBRUARY/2019/2020/10: EMGWEN NGCDF PROJECT PROPOSALS SUBMISSION OF FINANCIAL YEAR 2019/2020**

The Chairperson informed members that the budget ceiling per Constituency in 2019/2020 is Kshs 137, 367,724.14 as earlier communicated.

The chairman tabled the project proposals from the four wards in the constituency before the committee for deliberations, the proposals tabled were for the following wards: Kilibwoni, Kapsabet, Kapkangani and Chepkumia ward.

The committee went through the proposals one by one and found out that most of the projects that had been submitted were:

1. Secondary schools
2. Primary schools
3. Security

The Fund Account Manager took members through the regulations guiding the preparations of project proposals, NGCDFB findings on the proposal submitted. The following was recommended for funding;

- 1.Kapgangani primary school
- 2.St pauls Academy
3. Kiborgok Mixed Secondary School
4. Tulon Secondary School

Chairperson took the committee through the proposal, NGCDFB findings on the submitted projects, the committee discussed and noted that St. paul Academy which was ongoing at the time of project proposal for financial year 2018/2019 was allocated kshs. 1,000,000 for completion of administration block totaling to kshs. 2,000,000.00 which was the approximate total sum of the project; Kiborgok Mixed Secondary School was in the list for this year allocation which is an ongoing project to be funded in the prior financial year to completion.

The committee also noted that St. Marys Sugut Primary School which had been allocated kshs. 1,000,000.00 for the purchase of land as new project has to be considered in the next financial year and replaced with Tulon Secondary School (kshs. 1,000,000.00) which is an ongoing project for the completion of Dining hall. Kiroket primary School which had been allocated kshs. 500,000 for construction of 2 pit latrines agreed to be funded through emergency because one of the boy's toilet had been condemned and replaced with Kapkangani primary school for the completion of Boy's dormitory which is almost complete for the remaining works of electrical installation, Ceiling and plumbing Works.

Kipkeibon Secondary School is one storey building hence the high cost of foundation base, fixing and installation of gutters, pipe works and labour compare to other institutions.

The committee noted the construction of toilets in constituency is not same cost. The soil structure and topography is different. The setting up and foundation wall is expensive in swampy sections of kilibwoni and kapkangani wards.

The attached list of projects were therefore anonymously accepted by the committee and recommended for funding in the financial year 2019/2020;

## 0.0 Introduction or Background

### 0.1 About NG-CDF

The National Government Constituencies Development Fund (NG-CDF) formerly Constituencies Development Fund (CDF), is a fund established in 2003 through an Act of Parliament, the CDF Act 2003. The Act was later reviewed by the CDF (Amendment) Act 2007, and repealed by CDF Act, 2013 which was subsequently succeeded by the current NG-CDF (Amendment) Act 2016.

The Fund is domiciled within the ministry in charge of national economic policy and planning, currently the Ministry of Devolution and Planning.

The main purpose of the Fund is to enhance infrastructural and socio-economic development at the grass root level in order to reduce poverty by dedicating a minimum of two and half per cent (2.5%) of all National Government's share of annual revenue towards community projects identified at constituency level by the communities
