			<p>Conversion is due to increase in enrollment in the school and the school lacks classrooms.</p> <p>The dormitory is no longer needed because the school had pupils who were in boarding up to 2015. They had 2 permanent dormitories for girls & boys and they not in use since 2016 to date. The incomplete dormitory is just within the classrooms area and completing it will not be of any purpose. This necessitated the parents to propose that the incomplete dorm be partitioned into classes and be added more classes.</p> <p>The current enrolment of the school is 84 pupils and all of them are day scholars.</p>

1.0 Background on NG-CDF

The National Government Constituencies Development Fund (NG-CDF) is established under Section 4 of the NG-CDF Act 2015 as amended in 2016, with an objective of addressing poverty and regional development imbalances by dedicating a minimum of 2.5% of the National Government share of annual revenue as divided by the annual Division of Revenue Act enacted pursuant to Article 218 of the Constitution. The funds are geared towards community driven development projects in every constituency identified and implemented at grassroots level.

The Fund is managed by the NG-CDF Board, which is a Body Corporate established pursuant to Sections 14, 15 and 16 of Act. At the constituency level, the day to day management of the Fund is vested on the National Government Constituency Development Fund Committees that are in place in each of the 290 constituencies countrywide.

The main mandate of NG-CDF Board is to consider project proposals submitted from various constituencies in accordance with the Act, approve for funding those projects proposals that are consistent with the Act and send funds to the respective constituency fund account of the approved projects.

2.1.5 CHALLENGES

Late disbursement of project funds leads to projects not being implemented in time which lead to rise in project costs due to factors like inflation and value of money. Also bursaries not awarded to students when the schools open, hence students' retention in learning institutions is greatly affected

2.1.6 WAY-FORWARD

The NG-CDF Board should facilitate timely disbursement of funds to constituencies in order to fast track development initiatives

- The F.A.M alluded that NG-CDF only funds community-based projects meant to serve community needs in the constituency and have long-term positive effects on people's wellbeing and also gave a briefing on the ineligible projects.
- He further asserted that Co-funding is also allowed where a project can be financed from sources other than the Fund; so long as the other financiers or donors of that project have no objection and provided that the part funding for the project availed pursuant to the NG-CDF Act 2015 shall go to a defined unit or any part thereof or phase of the project in order to ensure that the particular portion defined in the allocation is completed with the funds allocated under this Act.
