1.0 Background on NG-CDF

The National Government Constituencies Development Fund (NG-CDF) is established under Section 4 of the NG-CDF Act 2015 as amended in 2016, with an objective of addressing poverty and regional development imbalances by dedicating a minimum of 2.5% of the National Government share of annual revenue as divided by the annual Division of Revenue Act enacted pursuant to Article 218 of the Constitution. The funds are geared towards community driven development projects in every constituency identified and implemented at grassroots level.

The Fund is managed by the NG-CDF Board which is a Body Corporate established pursuant to Sections 14, 15 and 16 of Act. At the constituency level, the day to day management of the Fund is vested on the National Government Constituency Development Fund Committees that are in place in each of the 290 constituencies countrywide.

The main mandate of NG-CDF Board is to consider project proposals submitted from various constituencies in accordance with the Act, approve for funding those projects proposals that are consistent with the Act and send funds to the respective constituency fund account of the approved projects.

CHALLENGES

Late disbursement of project funds leads to projects not being implemented in time which lead to rise in project costs due to factors like inflation and value of money. Also bursaries not awarded to students when the schools open, hence students' retention in learning institutions is greatly affected

WAY-FORWARD

The NG-CDF Board should facilitate timely disbursement of funds to constituencies in order to fast track development initiatives

After the compilation of the above project proposal, the chairman informed the members that there is need to install the solar panel in the NG-CDF Offices, this will supplement the power needs in the office during power outage and it cuts down on recurrent cost since it's once paid off capital investment. This has been propelled by prevalence of high sunlight in Baringo south which normally experience high temperatures throughout the year.

Therefore, the members approved for the funding for the said project of Ksh.300, 000 to completion (solar installation).

The chairman also informed the members that there is need to work on five year strategic plan for Baringo south FY2023/2027. The members unanimously agrees to approve Kshs.3,500,000.00 for the said works which need to start as soon as possible since it will be a blue print on the constituency programs.
