needed to be monitored and evaluated to ensure quality of the projects and proper utilization of the funds. Members agreed to schedule the M&E as soon as funds become available.

- **REPORT ON PUBLIC PARTICIPATION OF PROPOSALS OF THE NEW ALLOCATIONS:** The secretary read out the prepared report and shared pictures of the public participation of proposals of the new allocations which in a nut shell was the request of the residents of Baringo South that bursary allocations be increased from the ksh.500, 000 to ksh. 700,000 per sub-location. The report also pointed out that more projects on the education sector was needed as well as security, environment and water supply projects in schools. The chairman informed members that thirty two JSS classrooms were to be funded by the ministry of education in collaboration with NG-CDF so duplication during the final draft of the proposal should be avoided. Attached is the report and the list of the 32 schools that will get JSS classrooms funded by the ministry of education in collaboration with NG-CDF.
- **ENVIRONMENTAL DAY:** The chairperson environment sub-committee reported to members that on 10/10/2024 NG-CDFC together with their staffs, constituency staffs and residents of Baringo South participated in a tree planting exercise in the NG-CDF offices and some nearby schools like Yatoi primary school and Marigat primary school. This was to mark Huduma day and support the president's directive of planting over ten billion trees. The project was a success as over 1000 seedlings were planted and distributed.

MIN 6/13/11/2024 DELIBERATION AND APPROVAL OF PROPOSALS FOR FY 2024/2025 IN LINE WITH WARD REPORT AND STRATEGIC PLAN PROPOSALS FOR FY 2024/2025.

The chairperson gave members a chance to bring forward proposals for the FY 2024/2025 from wards (locations) captured in public participation. The Fund Account Manager informed the members that the constituency had been allocated Kshs.170,469,856.74 for the 2024/2025 financial year for budgeting.

The committee noted that construction of pit latrines and classrooms may vary depending on distance and terrain of the constituency

Regarding the Junior Secondary Schools (JSS) listed by the Ministry of Education, the committee allocated funds to 5 schools in the current financial year out of 55 schools. This decision was guided by the report from the schools who were in need of classrooms and that most schools have sufficient classrooms for grade 9.

Environmental projects were not allocated the entire 5% since the schools within the constituency have no measures to sustain them hence allocating only Kshs.2,300,000 out of Kshs.8,523,492.00

After lengthy deliberations and discussions, members agree to forward the proposal for fy 2024/2025 as follows:

5.1.2 CHALLENGES

The members of the public lamented that due to the insecurity and vastness of the ward they could not turn out in large numbers as expected to prioritize projects to be funded by NG-CDF

The residents expressed their concern on implementation of projects to be slow. During tendering of contracts, few contractors participate because of fear of insecurity. And the few who apply most are incompetent. Once awarded contracts they take too long to complete.

5.1.3 WAY-FORWARD

It was agreed that those who attended shall represent the interest of the whole ward by balancing development projects in the ward

The residents were promised that security institutions will be constructed to improve on security issue
