RE: MUTHAITI PRIMARY SCHOOL ACCESS ROAD

This is an unclassified road leaving Kongasis- Kahuho road at Kiambogo market. It is **3.5Km** long (by odometer reading) to the entrance of Muthaiti secondary school which is just next to Muthaiti Primary school.

The road is very narrow due to heavy side erosion and encroachment. Survey to establish the road corridor boundaries has been done and the encroachers have been told to remove their trees and fences from the corridor.

The road requires widening and a number of cross and access culverts to improve on drainage. Gravel wearing course is required to make it all weather gravel road.

This will serve the primary and secondary school as well as the road neighbouring community whose main activity is farming. The cost of the works is estimated at Kenya shillings Six Million only (**6,000,000.00**) to the minimum.
