that the community, chiefs and teachers would present to the office. Students who had visited the office during this meeting were vetted for full scholarships and recommendations made as per the list.

The committee also mandated the chairperson and the fund account manager to deal and vet any upcoming cases since there were many bright children who had not joined form one and make recommendations continuously but within the limit of the *Ksh 1,500,000* that was set aside for full scholarship for 2023/2024 financial year. . It was also agreed that the minimum marks for full scholarship would be KCPE 350 Marks and above, except for very vulnerable orphans.

MIN: 7/NG-CDF-C-KJDN/18/01/2024: -STAFF TRAINING.

The Fund Account Manager reported to the committee that she had requested the M&E department of the NGCDF Board to equip the staff basically because they were relatively new with skills of reporting on the M&E templates that were recently developed.

The department had indicated that an effective training would last for 3days and were working on appropriate dates. The department also wanted to carry out a 5day monitoring and evaluation exercise within the constituency which would also engage the members of the NGCDF committee. Members in liaison with the Fund Account Manager in the light of the upcoming activities agreed to have the training when the board and the NGCDFC did not have parallel activities.

It was agreed that since the board is catering for the expenses of the trainers, the NG-CDF Committee would cater for the meals expenses for every participant and training equipment i.e. the projector and stationery for the three days. They also tasked the fund account manager to draw a budget for the M&E activity within the brackets of what has been spent in previous M&E activities.

There being no any other business, the meeting was closed with a word of prayer by Mary Mumbi at 12.30pm.
