## 1. INTRODUCTION

The NG Constituency Development Act 2015 stipulates in part 5 section 27 sub-section 1 and 2 that the chairperson of the NG-CDFC shall within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public participation meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency.

The NG-CDFC shall then deliberate on project proposals from all the wards in the constituency and any other projects which the Constituency Committee considers beneficial to the constituency, including joint projects with other constituencies, consider the national development plans and policies and the constituency strategic development plan, and identify a list of priority projects, both immediate and long term, out of which the list of projects to be submitted in accordance with the Act shall be drawn from.

Public participation in project planning, management and implementation planning requires the involvement of concerned stakeholders.

This includes identifying public concerns and values and developing a broad consensus on planned initiatives. It is also about utilizing the vast amount of information and knowledge that stakeholders hold to find workable, efficient and sustainable solutions to the prevailing constituency needs.

Public participation involves a range of procedures and methods designed to consult, involve, and inform the public to allow those that would be potentially affected by a decision or policy to have input into the process. Community participation motivates the stakeholders to work in unity, recognize the benefits of their involvement and own the projects in their areas.

Stakeholder involvement is imperative since they play a central role in setting up priorities and objectives of development initiatives in order to ensure relevance and appropriateness. It is important that all stakeholders are involved in the identification of projects and are not just direct beneficiaries of an endeavour.

### 1.1 ABOUT NG-CDF

The Constituencies Development Fund was created by the Constituencies Development Fund Act, 2003 with the primary objective of addressing poverty at grassroots level by dedicating a minimum of 2.5% of the Government ordinary revenue to grassroots development and the reduction of poverty. The fund is managed by the National Government Constituencies Development Fund Board (NGCDFB).

In January 2013, the CDF Act 2003 (as amended in 2007) was repealed and replaced with CDF Act 2013 that is aligned to the constitution of Kenya 2010. The enactment of the CDF Act 2013 was mainly aimed to ensure that the law governing CDF is aligned to the Constitution of Kenya 2010, specifically in compliance with the principles of;

- Transparency and accountability

- Separation of power and
- Participation of the people
- The new law was also aimed at aligning the operations of the Fund to the new devolved government structure.

## 1.2 ABOUT KAJIADO NORTH NG-CDF

#### **4.2.9 CHALLENGES**

Members expressed concern on the restrictive nature of the projects fundable by NG-CDF, especially in the health, electricity, water and roads sectors, but the area member of national assembly urged them to forward the projects to the area member of county assembly who was also present in the meeting so that they can be considered under that devolved services.

#### **4.2.10 WAY FORWARD**

The meeting resolved that all the funds disbursed to projects, to be spent judiciously to promote value for money and boost the livelihood of the residents in totality.

#### **4.2.11 MEMBER OF PARLIAMENT CLOSING REMARKS**

He encouraged that bursary forms will have serial number and indication of the sub location to avoid malpractices. He urged the public that for those having complaints about their vetting committee they should reach out to the fund manager and raise their issue. He informed the public that the bursary process will be completed as they wait for the bursary funds. He encouraged that the cheque will be delivered on behalf of the parents to their respective schools. He insisted that the form ones will have to wait until they are in the second term to apply for their bursaries as they currently do not have their admission numbers to avoid losing of funds. He encouraged the bodaboda guys to pay for their licenses in order to receive bursaries for their tuition fee. He encouraged creation of new sub locations as current ones are overpopulated.

#### **4.3.8 CHALLENGES**

It was noted that the public does not know the mandate of NG-CDF hence their much priority that fell within the devolved functions.

#### **4.3.9 WAY FORWARD**

Projects promoting youth's involvements should also be funded such as youth sports tournaments.

#### **4.3.10 AREA MEMBER OF NATIONAL ASSEMBLY FINAL REMARKS**

He encouraged the public on addition of Sub locations or locations due to the increased number of people. He informed the public that he has been in talks with the PS of citizen services to enable the public to pick their birth certificates from Ngong town. He encouraged the head teachers and principals to give opportunity to the youth actors to perform set books to the students.

#### **4.4 WARD THREE: NKAIMURUNYA-ONGATA RONGAI WARD**

The meeting took place on Saturday 7<sup>th</sup> January 2023 at Talanta Social Hall from 10.30am to 3.00 pm

##### **4.4.1 MEMBERS PRESENT**

NG-CDF Committee

Area Member of National Assembly

Assistant County Commissioner

Area Chiefs

Area Elders

Area Member of County Assembly

Area Ward Administrator

Invited stakeholders

##### **4.4.2 PRELIMINARIES/ COMMENTS BY THE NG-CDF CHAIRPERSON**

The meeting was brought to order by Mr Martin Kimemia. He requested Pastor Ndegwa to open the meeting with a word of prayer.

##### **4.4.3 COMMENTS BY THE AREA MEMBER OF NATIONAL ASSEMBLY**

He thanked the public for electing him as the area Member of National Assembly. He mentioned that if the public is involved in the full decision making process during projects identification, their concerns may be met early on in the planning process when changes may be easier to make, rather than late in the process when even small changes may cost both time and money.

He drew the meeting's attention on the projects that fall under NG-CDF, whereby it was established with the aim of improving service delivery, alleviating poverty, enhancing economic governance, and ultimately to spur development in the constituencies thereby contributing to socio-economic development of all the constituencies.

He informed the public that first requirement of receiving the bursary is being a registered voter of Kajiado North. He encouraged the public that bursary forms will be printed on behalf of the beneficiary. He informed the public that those having issues with their sub location vetting committees should inform the fund manager. He informed the public that there will be bursaries for the bodaboda riders who will pay for their license for them to receive the bursary.

#### 4.4.4 COMMENTS BY THE FUND ACCOUNT MANAGER

He enlightened the members on the eligible projects fundable by NG-CDF and ineligible projects which are fundable by devolved systems, and also briefed the meeting on the statutory ceiling specified in the NG-CDF Act 2015 which guided the NG-CDF during projects funding. He also stressed that after the exercise in all the wards the NG-CDF will rank the projects in order of priority and that the ongoing projects shall take precedence over the new projects.

#### 4.4.5 COMMENTS BY THE ASSISTANT COUNTY COMMISSIONER

She informed the public that they were late to reach the public forum as they had a meeting with the DCC. She also encouraged farmers to visit their area Chiefs with their national identity cards for registration. She informed the public that Inua Jamii Initiative will be released starting 9th Monday January.

#### 4.4.6 COMMENTS BY THE AREA CHIEF

The area chief appreciated the NCDFC for the initiative and thanked members for attending the meeting.

#### 4.4.7 COMMENTS BY THE NG-CDF CHAIR LADY

She requested the public to suggest how they will want to present their presentations. She finalised by informing the public that each member will have only five minutes to present their proposals. She enlightened the meeting of the various devolved functions in the constituency, and stressed the need of all the stakeholders to come together during planning to avoid duplication and double funding of projects.

#### 4.4.9 CHALLENGES

Late disbursement of project funds lead to projects not being implemented in time which lead to rise in project costs due to factors like inflation and cost of money and bursaries not awarded to students when the schools open, hence students and pupils retention in learning institutions is greatly affected negatively.

#### 4.4.10 WAY FORWARD

The NG-CDF Board should facilitate timely disbursement of funds to constituencies in order to fast-track development initiatives on time.

Bursaries application forms to be vetted so that it can be issued to the needy students by the help of the local administration such as the chiefs.

#### 4.4.11 MEMBER OF PARLIAMENT FINAL COMMENTS

He informed the public that there will be an engagement between the NG-CDF and sports and environment for better development of proposal. He encouraged the public that birth certificates will be picked from Ngong town moving forward.

## 6.0 CONCLUSION

The meeting vested the area member of National Assembly with the responsibility of appealing to the NG-CDF Board to release funds to the constituency in time within the financial year to help projects development and issuance of bursary to bright and needy students

Frequent development forums should be held to give the public information concerning the development initiatives being undertaken by all the development partners and the various funding agencies.

There should be a joint forum where NG-CDF, County Government and other development stake holders plan together to avoid duplication of projects.

The meetings resolved that ongoing projects shall be given first priority so as to fast track their funds' utilization to enable the beneficiaries get value for money.

Allocations to projects should also be adequate, to enable completion of project once started, since if completion is delayed the project cost rises due to factors like inflation and variation.
