CONSTITUENCY DEVELOPMENT FUND
WARD REPORT
2021/2022 – 2022/2023 FINANCIAL YEAR
SUBMITTED
SEPTEMBER 2021

INTRODUCTION

The NG-Constituency Development Fund Act 2015 stipulates in part 5 section 27 sub-section 1 and 2 that the chairperson of the NG-CDFC shall, within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency.

The NG-CDFC shall then deliberate on project proposals from all the wards in the constituency and any other projects which the Constituency Committee considers beneficial to the constituency, including joint projects with other constituencies, consider the national development plans and policies and the constituency strategic development plan, and identify a list of priority projects, both immediate and long term, out of which the list of projects to be submitted in accordance with the Act shall be drawn from.

Citizen participation in project planning, management and implementation planning requires the involvement of concerned stakeholders. This includes identifying public concerns and values and developing a broad consensus on planned initiatives. It is also about utilizing the vast amount of information and knowledge that stakeholders hold to find workable, efficient and sustainable solutions

Public participation encompasses a range of procedures and methods designed to consult, involve, and inform the public to allow those that would be potentially affected by a decision or policy to have input into the process. Community participation motivates the stakeholders to work together, recognize the benefits of their involvement and own the projects in their localities

Stakeholders play a central role in setting up priorities and objectives of development Initiatives in order to ensure relevance and appropriateness. It is important that all stakeholders are involved in the development of projects and not just direct beneficiaries of an initiative.

ABOUT NG CDF

The National Government Constituencies Development Fund (NG-CDF) was established under the National Government Constituencies Development Fund (CDF) Act, 2003, amended in 2007 and repealed by the CDF Act of 2013. In 2015, the CDF Act of 2013 was

declared unconstitutional and a new Act was enacted in 2015, being the National Government Constituencies Development Fund Act, NG-CDF Act, 2015. The National Government Constituencies Development Fund (NG-CDF) is under the Ministry of Devolution and Planning.

The National Government Constituency Development Fund (NG-CDF) was introduced in Kenya in 2003 with the passage of the CDF Act 2003 by the 9th Parliament of Kenya which was repealed in 2013 by the NG-CDF Act 2013. The NG-CDF Act provides that the government set aside at least 2.5% of its ordinary revenue for disbursement under the CDF program.

The fund was designed to support constituency-level, grass-root development projects. It was aimed to achieve equitable distribution of development resources across regions and to control imbalances in regional development brought about by partisan politics. It targeted all constituency-level development projects, particularly those aiming to combat poverty at the grassroots and entrench equitable distribution of development.

The objective of the Fund is to provide mechanisms for supplementing implementation of the National Government Development Agenda at the constituency level.

The NG-CDF program has facilitated the putting up of new water systems, health and education facilities in all parts of the country, including remote areas that were usually overlooked during funds allocation in national budgets.

ABOUT KAJIADO CENTRAL CONSTITUENCY

Kajiado Central is an electoral constituency in Kenya. It is one of five constituencies in Kajiado County. The constituency was established for the 1988 elections

It has five wards namely:

- Ildamat
- Purko
- Matapato North
- Matapato South
- Dalalekutuk

The main economic activities of the constituents are Livestock rearing and crop farming.

Kajiado county has a total population of 1,117,840 people, of which 557,098 are male, 560,704 are female and 38 intersex people. There are 316,179 households with an average size of 3.5 person per household and a population density of 51 people per square kilometer

The constituency has a number of challenges, its vastness in landmass poses difficulty in project monitoring. The constituency has poor road network, most of the roads are impassable during rainy seasons. Illiteracy level is also very high in the constituency hence need to have civic education to enlighten the locals to take their children to school. Early marriages, FGM and insecurity are very rampant in the constituency.

Vision

To ensure there is equitable socio-economic development in the constituency.

Mission

To provide leadership and policy direction for effective and efficient management of the fund.

Core Values

- Transparency & Accountability
- Professionalism & Integrity
- Commitment & Teamwork
- Neutrality & Objectivity
- Timeliness & Excellence
- Advocacy for Citizen Participation
