OVERVIEW ON NG-CDF

Constituency Development Fund (CDF) schemes are decentralization initiatives which send funds from the central government to each constituency for expenditure on development projects intended to address particular local needs. The practice was first adopted in India in 1994. In Kenya it was introduced in 2003 by an Act of Parliament as the Constituency Development Fund. In January 2013, the CDF Act 2003 (as amended in 2007) was repealed and replaced with CDF Act 2013 that is aligned to the constitution of Kenya 2010 which was challenged in court on the basis of separation of powers among others. In the spirit of being aligned with the new constitution of Kenya 2010, the NG-CDF Act 2015 was enacted and came into force on 19th February, 2016. The National Government Constituencies Development Fund is represented by the Cabinet Secretary for Devolution and Planning, who is responsible for the general policy and strategic direction of the National Government Constituencies Development Fund. The NGCDF management structure starts with the NASC, Ministry, NGCDFB, NGCDFC and PMAC. There is the support role of the line and relevant technical ministry officials in the implementation process.

BACKGROUND INFORMATION

Webuye East constituency is one of the nine constituencies in Bungoma county. The constituency has three wards namely; Ndivisi, Mihou and Maraka wards. There are five locations and thirteen sub locations. The constituency is currently represented by Hon. Bernard Alfred Sambu. The electoral number is 221 and covers an area of approximately 168.5 square kilometers with a population of 114,546 people out of which 55,775 are males and 58,771 females (KNBS 2019). The constituency office is located at the Webuye East sub county headquarters in Webuye town.

Owing to the current standing regulations and restriction on public gatherings based on Covid-19 pandemic, it was not possible to have an open advert for the public meetings.

In order to ensure a fair representation, the team decided to work together with the Sub County Director of Education who invited two members of the BCM from each public school to attend. There are 61 primary schools and 26 secondary schools totaling 87 public schools and one KMITC.

There are 13 sub locations from which the assistant chiefs invited 3 members of the general public per sublocation to attend the meetings. This was however, exaggerated as some people still came in uninvited. The Ward administrators together with the staff in their offices and the health providers in the respective clinics near the meeting venues were also able to attend.

PROJECTS FUNDING IN THE PREVIOUS FINANCIAL YEAR

1.1 Sectoral analysis of projects

a) Number/allocation of ongoing projects – 2020/21 Financial year

	Ward	Sector	No. of Projects	Amount	Remarks
1	Ndivisi	Education	12	43,795,956	Two projects - St. Paul's Kibisi RC Primary School pending approval - Kshs. 7,3m for purchase of land and Luticho Primary School - Kshs. 666,380 for remeasured works on dormitory
2	Mihuu	Education	12	36,634,000	
3	Maraka	Education	3	6,400,000	
	TOTAL			86,829,956	

No security project was funded in this particular year. Noticable was a high disparity in funding of projects in Maraka ward of which 20% of the constituency population resides.

b) Amount of money used for bursaries, number of beneficiaries and criteria used for 2020/21 Financial year.

The available bursary records are not clear to enable extraction of data on the numbers of beneficiary as funded per ward. However, the total sum of bursary funded in the year in question is:

	<u>Sector</u>	<u>Amount</u>
●	Bursary Secondary -	Kshs. 20,667,700
●	Bursary Tertiary -	Kshs. 12,703,000
	TOTAL	KSHS. 33,370,700

2.0 WARD MEETING REPORT FOR SEPTEMBER 2021

2.1 PROGRAM

Day One - 25th August, 2021

Ndivisi Ward: Ndivisi Location - Magemo, Sinoko and Silabicha Sub locations
Lukusi Location - Lutacho and Misimo Sub locations

Day Two - 26th August, 2021

Ndivisi Ward: Namarambi Location - Misenwa, Wabukhonyi, Marinda and Mukuschwa Sub locations

Day Three - 27th August, 2021

Mihuu Ward: Chetambe Location - Mitukuyu and Mihuu Sub locations (Morning)

Maraka Ward: Namarambi locations - Nang'eni and Maraka Sub locations (Afternoon)

2.2 ATTENDANCE

	WARD	VENUE	NO. OF SCHOOLS	NO. S/LOC	EXPECTED TURNOUT	ACTUAL TURN OUT
1	Ndivisi	ACC's Office Sinoko	33	5	120	188
2	Ndivisi	Makuschwa Chiefs Office	18	4	82	105
3	Mihuu	Mihuu Chief's Office	18	2	78	110
4	Maraka	Nang'eni Assistant Chief's Office	19	2	77	90
	TOTAL		88	13	357	493

There was an overwhelming attendance of the invitees though some three schools were not represented by the BOM.

A challenge was met during the first day where there was a circulated rumour of there being a political rally. This led to a high turnout and a delay in starting the meeting but the tension was diffused. There after, the meetings went smoothly and we were able to rate the exercise as a great success.

2.3 ORGANIZATION AND SPEECHES DURING THE MEETINGS

Prior Organization

The DCC called a meeting with the area Chiefs and Assistant chiefs where they discussed the need for the public participation meeting, people to attend, mode of invitation and venues. The FAM had a prior meeting with the Sub County Director of Education on the need for every school to be represented and shared the venue from which the heads of schools were invited. The NG-CDFC team had a one day briefing on what the ward meeting entails and the respective roles that each member was expected to play. This made the running of the meetings successful.

Speeches.

The Master of ceremony position was given to the area Chief who called the meeting to attention, asked for a prayer, introduced the members in the respective order, then the ACC who welcomed the DCC. The DCC from there called the NG-CDFC team led by the respective NG-CDFC area representative who introduced the committee members and parliamentary office team. The Fund Account Manager was called upon and introduced the NG-CDFC staff.

Chief

The Chiefs gave a general summary of the security status in the area, cautioned the people against consumption of illicit brews and the stand of the government on this. encouraged all parents to ensure their children who finished class eight go to secondary as per the government requirement of 100% transition. The chiefs told the people to adhere to the curfew rules so as to avoid being at the wrong side of the law. They decried the increase in teenage pregnancies and challenged the parents and teachers to ensure they guide and protect these teenagers.

Deputy County Commissioner (DCC)

The DCC opened the exercise on the first day at Ndivisi ward. He explained to the people the essence for the public participation meetings. According to the constitution of Kenya, 2010 it was declared that development must be from the people. Public participation ensures that the projects being funded are prioritised, owned and managed by the people. This leads to sustainability in the future of the final projects. There is need for all people to be actively and positively involved in the cycle of the project implementation cycle. The government shall not

1. *[Handwritten signature]*
2. *[Handwritten signature]*
3. *[Handwritten signature]*

hooliganism and mismanagement in the use of the public funds. There is need for transparency and accountability in the manner in which the funds are used.

He said due to covid-19 pandemic guidelines, there is need to hold the meeting in the shortest time possible and reduce on the long speeches. On show of hands, 25% of the people had taken a covid Jab. He encouraged the people to be immunisation as this reduces the chance of being infected and dying from covid related symptoms. He said there is a local saying that alcohol is food, however this can never be food. It is advisable to prioritise education first. Politics were not allowed in the meeting and instead advised all politicians present to consider themselves as part of the general public who have come to participate in the identification of development projects. He cautioned contractors from doing shoddy works on the public projects and encouraged Head Teachers to be accountable and ensure prudent use of the Funds.

He challenged those present to take care of the teenagers and advise them on the need for abstinence. There is time for everything under the sun. Priority for them now is education.

Politicking during funerals should not be allowed. Hooliganism and drunkenness while fighting others in the name of politics shall equally not be condoned.

Health

The respective hospital officers in charge or public health officers gave the current status on Covid-19 vaccination and encouraged the general public to get vaccinated. The corona virus is real and has caused great havoc to the health and economic status of the country as a whole. It is a situation that can not be wished away. Encouraged all people to ensure they keep safe by continued wearing of face masks while in public, washing of hands and sanitization at all times. There is need to keep a clean environment and have a healthy life style.

Ward Representative

The Ward Administrators shared with the people the ongoing activities being carried out by the county government. Issuance of bursary scholarships and general bursaries as well as responded to the various questions and concerns by the people.

Fund Account Manager (FAM)

The FAM gave an overview of the CDF from its formation in 2003 through the transition to the current state as the NG-CDF. She spelled out the principles that led to the change of the CDF to NG-CDF. The activities fundable under the NG-CDF are those not fundable like devolved functions: health, agriculture, water, county roads

2. Njiriga

and recurrent expenditure for other departments, political activities and groupings (youth, women and disability groups) and faith based organisations. The FAMA listed the projects fundable under this Act which includes but not limited to Education, Security, Electricity and Environment. They were told that whenever they ask for the purchase of land, they should ensure that the land seller has a valid land ownership document in his/her name. Any land under succession can't be purchased until the letter of grant of administration is given and registered with Lands. There is generally need for due diligence before the land is purchased. Currently, it is a requirement that we avail the search, copy of title deed and National ID for the land seller, Map for the land and a valuation report from a government valuer before the request can be approved.

She equally advised the people not to include new schools on the proposals as the government has put on hold registration of new schools. All schools to be funded are those currently registered.

The members were educated on the general aspect of running the fund, current procurement standing and requirements, the PMC formation, need for a separate project bank account, requirements on the opening and change of bank Account for PMC. The BOM representatives were further given a brief on the reporting on the respective school history, student population, state of infrastructure with photographs and requirements for the school vide the email address shared out to them by the Fund Account Manager.

The team was given room to make their contributions and ask questions after the talk where they were responded to accordingly. Thereafter, the questionnaire was distributed to the people and they were asked to go into their respective sub locations for further consultation before filling in the forms.

3.4 CONCLUSION/WAY FORWARD

The turnout was good in all wards. The leaders applauded the exercise as it ensured proper involvement in development programs which will help the public to own the development programs. Thereafter a post mortem meeting was held on 14th and 16th September 2021 by the NG-CDFC members and staff to further prioritize the projects from grassroots and group them into Sub locational level to ensure regional balancing. The sub locations were allocated between four to eight projects based on the number of institutions in the area.

There will be a report given to the public on the outcome of the public participation meeting before the closure of the 2021 calendar year so as to create confidence and trust on the NG-CDFC public participation process.

Signed:  Date: 29/09/2021
Mrs. Rosclyne N. Wanyonyi - Secretary NG-CDFC

Signed:  Date: 29/09/2021
Mary G.M Wanjala - Fund Account Manager
