FAM	PETER M. ACHIR	SIGNATURE		DATE	31.10.2019

The MP has also been following up on the same. FAM reported that this delay has so far led to Ksh. 2,500,000 which was earth marked for the project not being disbursed to the constituency until we get the establishment authorization letter from ministry of education. Members deliberated and resolved the funds be re-submitted to KMTC Rarieda after which when the establishment authorization letter is received the funds will be allocated the project.

v. **BODA BODA CAPACITY BUILDING.**

It was reported that 100 licenses have already been received at the office for those training and we have about 317 still outstanding.

The trainer should be contacted to release the remaining licenses.

vi. **BENCHMARKING AND M&E REPORT.**

Members agreed that these reports be given in the next meeting. Chairman reported that the president still has an interest to visit Rarieda before end of 2019.

vii. **PUBLIC PARTICIPATION.**

The public participation was held as planned and the outcome was very successful. The only challenge noticed was that some wards did not consolidated their proposals in one document. Ward development committees should work with the heads of various institutions. NG-CDF will develop a template to help the ward development committees submit their proposals in similar format.
