1.0 INTRODUCTION

The NG-Constituency Development Act 2015 stipulates in part 5 section 27 subsection 1 and 2 that the chairperson of the NG-CDFC shall, within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency.

The NG-CDFC shall then deliberate on project proposals from all the wards in the constituency and any other projects which the Constituency Committee considers beneficial to the constituency, including joint projects with other constituencies, consider the national development plans and policies and the constituency strategic development plan, and identify a list of priority projects, both immediate and long term, out of which the list of projects to be submitted in accordance with the Act shall be drawn from.

Citizen participation in project planning, management and implementation planning requires the involvement of concerned stakeholders. This includes identifying public concerns and values and developing a broad consensus on planned initiatives. It is also about utilizing the vast amount of information and knowledge that stakeholders hold to find workable, efficient and sustainable solutions.

Public participation encompasses a range of procedures and methods designed to consult, involve, and inform the public to allow those that would be potentially affected by a decision or policy to have input into the process. Community participation motivates the stakeholders to work together, recognize the benefits of their involvement and own the projects in their localities

Stakeholders play a central role in setting up priorities and objectives of development. Initiatives in order to ensure relevance and appropriateness. It is important that all stakeholders are involved in the development of projects and not just direct beneficiaries of an initiative.

1.1 About CDF

The Constituencies Development Fund (CDF) was established under the Constituencies Development Fund (CDF) Act, 2003, amended in 2007 and repealed by the CDF Act of 2013. In 2015, the CDF Act of 2013 was declared unconstitutional and a new Act was enacted in 2015, being the National Government Constituencies Development Fund Act 2015. The National Government Constituencies Development Fund (NG-CDF) is under the Ministry of Devolution and Planning.

The National Government Constituencies Development Fund Act 2015 (Amended 2016) provides for the setting aside of 2.5% of the National Government Share of Ordinary revenue to be shared equally among the 290 constituencies. The fund is designed to support constituency level, grass-root development projects. It was aimed to achieve equitable distribution of development resources across regions and to control imbalances in regional development brought about by partisan politics. It targets all constituency-level development projects, particularly those aiming to combat poverty at the grassroots and entrenched equitable distribution of development.

The objective of the Fund is to provide mechanisms for supplementing implementation of the National Government development agenda at the constituency level.

1.2 About Seme Constituency

Seme Constituency was carved from the former Kisumu Rural Constituency. It has four wards namely: West Seme, East Seme, North Seme and Central Seme Wards. The constituency borders Rarieda Constituency to the West, Gem Constituency to the North and Kisumu West to the East. The Southern region is widely covered by the Lake Victoria Waters. The main economic activities of the constituents is fishing and harvesting and farming. The constituency has a population of persons as per the 2009 census is 98,805 persons. The constituency has an area of 190.20 square kilometers.

2.0 Nature OF Projects Under the Act

2.1 Eligible Projects

- Section 24 of the NGCDF Act provides that projects to be funded by the Fund shall be in respect of works and services falling within the functions of the National Government under the Constitutions.
- The Projects shall be community based in order to ensure that the benefits are available to a widespread cross section of the inhabitants of a particular area

2.2 Ineligible Projects

- Projects Supporting Religious or Political bodies or Activities

4.4.3 CONCLUDING COMMENTS BY THE DEPUTY COUNTY COMMISSIONER

The Deputy County Commissioner requested the community members to observe peace and live together in harmony regardless of political division that are forthcoming. He also urged the administrators to keep off from taking political lines.

5.0 CONCLUSIONS

- The meeting vested the area member of national assembly with the responsibility of appealing to the NG-CDF Board to release funds to the constituency in time within the financial year to help projects development and payment of school fees to bright but needy students.
- Allocations to projects should also be adequate, to enable completion of project once started, since if completion is delayed the project cost rises due to factors like inflation and wear and tear.
- Frequent development forums should be held to give the public information concerning the development initiatives being undertaken by all the development partners and the various funding agencies.
- There should be a joint forum where NG-CDF, County Government and other development stakeholders plan together to avoid duplication of projects.
- The meetings resolved that ongoing projects shall be given precedence, to fast track their utilization to enable the beneficiaries get value for money.
