He called upon members to exercise sobriety in their proposals and root for projects that are fundable within the NG-CDF framework

### 3.3.5 COMMENTS BY THE AREA MEMBER OF NATIONAL ASSEMBLY

He acknowledged that the changes in livelihoods attributed to NG-CDF cannot be looked down upon in the country.

He noted the sectors that have benefitted from the NG-CDF kitty which include, the education sector, where NG-CDF has implemented several infrastructural developments in primary, secondary schools and tertiary institutions, and this has contributed immensely in students' enrolment in the learning institutions and offering of conducive learning environment.

The NG-CDF bursary has helped retain needy but bright students in schools hence, as such the legislature should champion for laws that will protect and retain the fund in the constitution for prosperity.
