Introduction

The Constituencies Development Fund was created by the Constituencies Development Fund Act, 2003 with the primary objective of addressing poverty at grassroots level by dedicating a minimum of 2.5% of the Government ordinary revenue to grassroots development and the reduction of poverty. The fund is managed by the Constituencies Development Fund Board (CDFB)

In January 2013, the CDF Act 2003 (as amended in 2007) was repealed and replaced with CDF Act 2015 that is aligned to the constitution of Kenya 2010.

The enactment of the CDF Act 2015 was mainly aimed to ensure that the law governing CDF is aligned to the Constitution of Kenya 2010, specifically in compliance with the principles of:

1. transparency and accountability,
2. separation of powers; and
3. Participation of the people.
4. The new law was also aimed to align the operations of the Fund to the new devolved government structure.

KAMUKUNJI CONSTITUENCY

Kamukunji Constituency consists of central to eastern area of Nairobi County Kenya. The entire constituency is located within the jurisdictions of Nairobi County. It borders Starehe Constituency on the North and West, Makadara on the East and Southern part, Embakasi on a corridor stretch to the East and a narrow section of Kasarani constituency. The constituency has an area of 11.7sq km of which half of the space is occupied by Moi Airbase. This leaves about only 5.8sq km space for human occupation, commercial centres and other social amenities. Before assuming District status Kamukunji District was known as Pumwani Division of Nairobi North District and prior to 1969 as Nairobi Central Constituency. The population of Kamukunji is estimated at 261,855 (as per the 2009 population census) of which 124,935 are female while 136,920 are male. The region has an average population density of 45,147 people per sq.km. Kamukunji is divided into three administrative divisions: Pumwani, Bahati and Eastleigh divisions which are further subdivided into 9 (nine) administrative Locations and 18 Sub-locations.

2.3.06 The Chairmen of the CDFC informed people present that the committee faced a lot challenges in identifying students to benefit from bursary. He requested the residences to carefully vet the students' in order to benefit the right people.

2.3.07 Although Eastleigh South was unique ward, the residents unanimously agreed to channel their allocation to only school and security lights. They said they were happy that CDF has completed a perimeter wall in Zawadi Primary School and the it now in need of classrooms to ease the burden of parents being involved in construction of the same.

2.3.08 Challenges facing this ward is that of many slum dwelling in the area. The needs of each group are deferent from each one. However they put their differences as advised by their leader and come up with proposals touching all them.

2.3.09 As noted above, Eastleigh South abhors the largest slum in the area. The needs of the residences are different from each area. However they all agreed that whatever affects people of slums and other residences in terms of education and security is common and should be addressed by all people regardless where you live.

2.4.Ward IV:- California Ward

Number/allocation of completed projects 2020/2021 financial year

Sector	Ward	Number of completed projects	Cost	Remarks
Education	California Ward	2	15,000,000	Completed

2.4.01 The meeting took place at California Resource Centre situated at California Estate at 2.00pm on 26th Aug, 2021

2.4.02 The area Chief and her Assistant, Ward Administrator, DO, Constituency Manager, area leaders and all CDFC members were present in the meeting.

2.4.03 The area Chief gave opening speech and requested participants to choose projects that of value to them regardless of their environmental aspects.

2.4.04 Ward Administrator informed members present that with devolved government some Projects were being undertaken by other arms of government. He said that he will guide them on projects that are fundable by county government and those carried out by CDF.

2.4.05 The CDF Act was read to participants by the F.A.M. who explained the projects that are fundable by CDF and those which are not.

2.4.06 The issue of bursary was brought up and the CDFC Chairman informed participants that the amount allocated by the Board is never enough but we try our best to distribute equally without favour. On environment he advised the residences to try and keep their areas clean as no one will clean your area. However with little money allocated we try to clean a few places.

2.4.07 Participants noted that although ICT Resource Centre was being constructed in their area, they also needed to be considered for projects like renovation of existing toilets, fire hydrants to fight frequent fires in the slum and also if possible construction of storm water draining in Kinyago and Kanuku.

2.4.08 Challenges are very were and affects each and every one. California Ward is composed of large slum dwelling and issue of clean environment is a problem to the residences. This is brought about because of lack of enough toilets to cater for the large population in the area. However the residences were promised that CDF will to their level best assist were they can.

2.4.09 The residences agreed to put aside their differences to channel their allocation in assisting the projects in the slum area. They proposed that the renovation of toilets and erection of high mast security lights be undertaken in the area. This will reduce crime and also create clean environment in the slum.

The following projects were proposed.

1. Construction of California police post
2. Renovations of new Pumwani primary school
3. Electrification of new Pumwani primary school
4. Renovation of California Desa football grounds
