Dear Sir,

RE: REQUEST FOR SUPORT IN TREE PLANTING INITIATIVE.

I hope this letter finds you well. I am writing on behalf of Elwak Girls Secondary School Board of Management (BOM) to kindly request your support in initiating a tree planting program within our school premises.

As a growing institution, we aim to provide a conducive and environmentally friendly learning environment for our students. Planting trees will not only enhance the beauty of our school but also contribute significantly to environmental conversation, improved air quality and shade for the school community.

We are fortunate enough to have a large expanse of land that can be used for this purpose, and we also have access to ample water resources. Furthermore, we have an experienced environmental management team that is fully committed to ensuring the sustainability of the trees we plant.

We would greatly appreciate your support in this venture and hope that you will consider providing any necessary resources or assistance to help us achieve our goal.

We look forward to hearing from you.

Thank you.

Yours faithfully
