Dear Principal Secretary,

RE: REQUEST FOR THE ESTABLISHMENT OF A HUDUMA CENTRE IN WAJIR WEST CONSTITUENCY

I am writing to request the establishment of a Huduma Centre in Wajir West Constituency to provide accessible government services. Currently, residents must travel long distances to reach the nearest Huduma Centres, which poses a significant burden, especially for those from remote areas.

With a growing population and limited local infrastructure, Wajir West would greatly benefit from a Huduma Centre that offers essential services such as ID registration, social services, business permits, and health insurance. This facility would promote equitable access to services, stimulate local development, and align with Kenya's Vision 2030 goals.

Yours faithfully,

HON YUSSUF MOHAMED FARAH, MP
WAJIR WEST CONSTITUENCY.

Dear

**RE: REQUEST FOR ESTABLISHMENT OF HUDUMA CENTER IN WAJIR WEST
CONSTITUENCY**

Reference is made to your letter dated **11th November, 2024** on the above subject matter.

The Huduma Kenya Service Delivery program (HKSDP) is a vision 2030 flagship project established vide Kenya gazette notice **No. 2177 of 4th April, 2014** mandated to **transform public service delivery** in order to ensure **efficient, effective, accessible and citizen-centric services** through Huduma Kenya Service Delivery One-stop-shop platforms.

The platforms include 57 Huduma Centers (HCs) spread across the 47 counties in Kenya, Huduma Contact Centre, Huduma Mashinani Outreach Program and Huduma Electronic and Mobile platform. Collectively, the Service Delivery platforms serve an average of sixty thousand (60,000) customers every day, the bulk of which is served through HCs. The program is managed by the Huduma Kenya Secretariat (HKS) and one of the objectives of the program is to establish and sustain partnership, collaborations and linkages for Huduma Kenya Integrated Service Delivery Platforms.

There are currently three models of Huduma Centres with different Bills of Quantities (BQ) costs namely the Huduma Jitume Digital Centres, a high-rise building with a digital hub and learning centre; the Standard Huduma Centre and a smaller version Huduma Centre costing approximately **Ksh. 89 million, Ksh. 50 million and Ksh. 30 million respectively**. HKS will share samples of Bill of Quantities for the establishment and completion of all three models through your email yussuffarah29@gmail.com to help you make an informed decision.

The HKS at the moment has budgetary constraints and may not fund the proposed project to completion. To fast actualize the Huduma Centre in your constituency, it is proposed that the National Government Constituency Development Fund (NGCDF) collaborates with the HKS by setting up the physical building, branding, purchasing a back-up generator, and furniture. The HKS will equip the facility with ICT and security equipment as well as train staff on Customer service excellence standards as per the schedule of requirements attached herein (Annex 1)

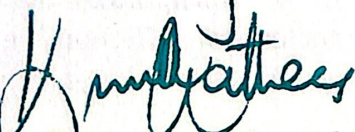

The purpose of this letter, therefore, is to:

1. Acknowledge the receipt of your letter dated **11th November, 2024** requesting for the establishment of a Huduma Centre in Wajir West Constituency, Wajir County.
2. Inform you of our willingness to support the establishment of a Huduma Centre through a collaboration between NG-CDF and HKS as discussed above.
3. Share with you the standard specifications for the establishment, completion and operationalization of the proposed Huduma Center (Annex 1) and to,
4. Request that your office plans a joint survey visit with HKS to the proposed site to assess suitability, after which a report will be generated outlining the way forward.

The contact person for this engagement is the **SECRETARY/CEO- Huduma Kenya, Mr. Ben Kai Chilumo** who can be reached through mobile: **0722868717** or email: **bchilumo@hudumakenya.go.ke** on any matter towards actualization of the proposed project.

Your support towards transformation of Public Service delivery is highly appreciated

Yours

Sincerely,

Amos N. Gathecha, EBS 'ndc', (K)
