Dear Sir,

RE: REQUEST TO CHANGE PROJECT FUNDING FROM CLASSROOM TO COMPLETION OF THE THREE CLASSROOMS

Kindly consider the above. The school has no room for extension to construct a classroom. We have constructed three storeyed classrooms as 2020/2021 development project with funding from government infrastructure capitation. The project now needs completion of the classrooms. Doors, windows, plaster, verandah, grills and painting.

Attached see current photo of project.

Please consider our request.
