Matters arising

There was a reminder for the BQs to include ramps in the projects to enable us to come up with disability friendly structures.

On the subject of project proposal and specifically for Buruburu 1 Primary School, Mr Kabucho tabled a very important consideration of constructing a day secondary school and considering this was also a request during public participation. Members agreed that it should be given a thought and we implement the secondary school project at Buruburu 1 Primary School but we have to provide the necessary documentation for the same within the Ministry of Education guidelines.

Members backed this idea because we still have a shortage of secondary schools within the Constituency.

MIN 5/21/9/20: AOB

The Chairman informed the members that they were in Mombasa for Performance contracting and IPSAS Financial Statements.

Mr Douglas Mbogo opined that we will need to give priority to bursary because the schools are about to resume and most parents are in financial crisis.

MIN8/21/9/20: ADJOURNMENT.

The meeting ended at 11.30 am with a word of prayer from Douglas Mbogo.
