Dear Madam,

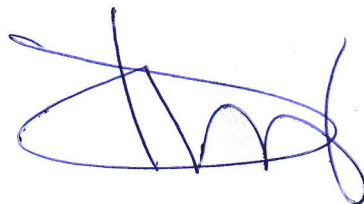

RE: REQUESTING FOR TREE SEEDLINGS

As the above subject refers, I hereby submit my applications requesting your office to give the school tree seedlings for planting during the ongoing rainfall. We are requesting for three thousand (3000) seedlings.

The school has enough land ($\frac{1}{2}$ acre) that can be planted the above requested number of seedlings. In case of a dry spell, the school has enough water that can be used for watering the seedlings. The school has a good and strong fence that will help to prevent animal from destroying them. Once planted, they will be well managed by the teachers, learners and the BOM.

Your assistance will be highly appreciated.

Yours at service,

**DANIEL NYAMBAGACHA
