IEBC NUMBER 143

**NATIONAL GOVERNMENT CONSTITUENCY
DEVELOPMENT FUND**

WARD REPORT

2019/2020 FINANCIAL YEAR

SUBMITTED

October 2019

Introduction or Background

0.1 About NGCDF

(a) Background information

The National Government Constituencies Development Fund (NG-CDF) (hereafter referred to as the Fund) formerly Constituencies Development Fund (CDF), is a fund established in 2003 through an Act of Parliament, the Constituencies Development Fund Act, 2003. The Act was later reviewed through the enactment of the CDF (Amendment) Act 2007, and repealed through CDF Act, 2013. The latter was subsequently succeeded by the current NG-CDF Act, 2015. At cabinet level, NG-CDF is represented by the Cabinet Secretary for Devolution, who is responsible for the general policy and strategic direction of the Fund.

The objective of the fund is to ensure that specific portion of the national annual budget is devoted to the constituency for the purposes of infrastructural development, wealth creation and in the fight against poverty at the constituency level.

0.2 About Moiben

2.0 Ward meetings

The NGCDF MOIBEN Office invited the general public to give their priorities on the project proposals for the Financial Year 2019/2020 as stipulated the NG-CDF ACT.

The exercise was successfully carried out across the 23 sub-locations in the Constituency as stated below advert: -

SUBMISSION OF THE CONSTITUENCY PROJECT PROPOSALS FOR THE

FY 2019/2020-2020/2021

Section 27(1) of the Act which requires that, the Chairperson of the Constituency Committee shall, within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency. The last ward consultative fora were held during the fy 2017-2018. Considering that two years have since lapsed, the NGCDF committee is required to hold ward consultative forums during 2019/20 FY and generate ward consultative reports.

Putting the above into consideration, the NGCDFC Moiben constituency therefore wishes to invite the general public so as to aid in identification of priority projects both immediate and long-term.

Proposed projects should meet the criterion below;

- Falling within the functions of the National Government under the Constitution,
- Must be community based in order to ensure that the benefits are available to a widespread cross- section of the inhabitants of a particular area.
- Projects fostering sustainable development
- Promote human dignity
- And protection of the marginalized as per Article 10 of the Constitution that outlines National Values and Principles of Governance

Members of the public are therefore requested to converge at the respective venues and dates, as per the attached programme.

The exercise ended successfully through team work and cooperation.

Challenges put across were similar in the various wards and this included;

- i. Bursary component should be increased
- ii. Some contractors delay works completion
- iii. Project implementation, some head teachers want to do things on their own without the committee members
- iv. Some wards requested for more allocation because their areas are vast
- v. There were some complain on bursary but it was found out that those complaining were awarded bursary by the county government but was not delivered

RECOMMENDATION

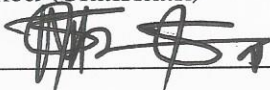

- i. To ensure balanced allocations the funds shall be done as per sub locations
- ii. The committee shall forward the recommendation to the NGCDFB so as to increase allocations both in bursary and other projects
- iii. The head teachers shall be advised to work hand in hand with the committees
- iv. Parents need to differentiate bursary awards from NGCDF and those from the county
- v. Members found out that the exercise was tedious and recommended for allocation of enough time and ensure the facilitation for the area assistant chiefs for their tireless dedication for the exercise.

2.1 Conclusion/way forward

The wards forwarded the above projects proposals for consideration by the NG- CDFC. The Chairman assured the participants that NGCDFC will look at all the priorities objectively. The order may change. New proposals may also be considered on projects CDFC feel they are beneficial to the community
