INTRODUCTION

The NG-Constituency Development Act 2015 stipulates in part 3 section 27 subsection 1 and 2 that the chairperson of the NG-CDFC shall, within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency.

The NG-CDFC shall then deliberate on project proposals from all the wards in the constituency and any other projects which the Constituency Committee considers beneficial to the constituency, including joint projects with other constituencies, consider the national development plans and policies and the constituency strategic development plan, and identify a list of priority projects, both immediate and long term, out of which the list of projects to be submitted in accordance with the Act shall be drawn from.

Public participation encompasses a range of procedures and methods designed to consult, involve, and inform the public to allow those that would be potentially affected by a decision or policy to have input into the process. Community participation motivates the stakeholders to work together, recognize the benefits of their involvement and own the projects in their localities

4.44 ABOUT NG-CDF

The Constituencies Development Fund (CDF) was established under the Constituencies

Development Fund (CDF) Act, 2003, amended in 2007 and repealed by the CDF Act of 2013. In 2015, the CDF Act of 2013 was declared unconstitutional and a new Act was enacted in 2015, being the National Government Constituencies Development Fund Act, NG-CDF Act, 2015. The National Government Constituencies Development Fund (NGCDF) is under the Ministry of Devolution and Planning.

The Constituency Development Fund (CDF) was introduced in Kenya in 2003 with the passage of the CDF Act 2003 by the 9th Parliament of Kenya which was repealed in 2013 by the CDF Act 2013. The CDF Act provides that the government set aside at least 2.5% of its ordinary revenue for disbursement under the CDF program.

The fund was designed to support constituency-level, grass-root development projects. It was aimed to achieve equitable distribution of development resources across regions and to control imbalances in regional development brought about by partisan politics. It targeted all

- NG-CDF Committee
- Area Member of National Assembly
- Area Member of County Assembly
- Deputy County Commissioner
- Area Chiefs / Area Elders
- Secondary Schools Heads Representative
- Primary Schools Heads Representative

3.4.2 PRELIMINARIES / COMMENTS BY THE AREA CHIEF

The area chief of Suna Lower Location welcomed members to the meeting after an opening prayer. He thanked the people present for attending the important development forum. He introduced the ward development committee and appreciated their efforts towards development on the area.

3.4.3 COMMENTS BY THE DEPUTY COUNTY COMMISSIONER

He explained to the meeting the history of rural development funding in Kenya. Since independence in 1963 aimed at fighting poverty at the grassroots level has been one of the key agendas of the Kenyan government. The government has initiated various rural development programmes including Special Rural Development Programme, District Development Planning, Rural Development Fund and the District Focus for Rural Development Strategy with the aim of improving people's wellbeing.

However, most of these programmes failed to address the needs of local people due to lack of political will, inadequate government funding, lack of appropriate technology, neglect of institutional development, lack of beneficiary participation and poor coordination from top to the bottom. However, in 2003 the government introduced Constituency Development Fund (NG-CDF), to fight poverty at the grassroots and since its inception, NG-CDF has had tremendous impact among the rural communities in Kenya.

3.4.4 COMMENTS BY THE AREA MEMBER OF COUNTY ASSEMBLY

The area MCA appreciated the joint effort towards development in the constituency and called upon the members to diligently work for the betterment of the area. He pointed out that the elected leaders should be given an opportunity to serve the citizens and that politics should now be kept at bay until 2022.

He thanked the NG-CDF team for organizing the forum since this is a vital road map towards people's driven development.

He enlightened the members about the eligible projects fundable by NG-CDF and ineligible projects which are fundable by devolved systems, and also briefed the meeting on the statutory ceilings specified in the NG-CDF Act 2015 which guide the NG-CDFC during projects funding. She also stressed that after the exercise in all the wards the NGCDFC will rank the projects in order of priority and that the that on-going projects shall take precedence over all other projects

3.4.6 COMMENTS BY THE NG-CDFC CHAIRMAN

The chairman appreciated the members concern for development, he highlighted that NGCDF has achieved a lot towards development in the constituency, and the overall aim of this is to ensure active participation of people in the achievement of sustainable development.

3.4.7 COMMENTS BY THE AREA MEMBER OF NATIONAL ASSEMBLY

He mentioned that if the public is involved in the full decision-making process during projects identification, their concerns may be met early on in the planning process when changes may be easier to make, rather than late in the process when even small changes may cost both time and money.

He drew the meetings attention that NG-CDF was established with the aim of improving service delivery, alleviating poverty, enhancing economic governance, and ultimately to spur development in the constituencies thereby contributing to socio-economic development of all the constituencies.

3.4.9 CHALLENGES

Late disbursement of project funds leads to projects not being implemented in time which lead to rise in project costs due to factors like inflation due to time value of money and bursaries not awarded to students when the schools open, hence students and pupils retention in learning institutions is greatly affected negatively.

3.4.10 WAY FORWARD

The NG-CDF Board should facilitate timely disbursement of funds to constituencies in order to fast track development initiatives
