### MIN/3/8/2020 BODABODA TRAINING

The committee discussed the issue of bodaboda training. The training is usually carried out through the bursary fund and it has changed the way of living of so many youth in the constituency. The training entails instilling driving and riding skills and provision of driving licences after training and testing to the bodaboda operators. For the financial year 2019/20, the training did not take place due to the Coronavirus Covid-19 disease, the NG-CDFC had invited the traffic department in the sub-county to attend the meeting and advice the committee on how to run the program during this period of Covid-19 disease. After deliberations, the committee felt it was better to safeguard the health of the population.

The Covid-19 disease prevention guidelines from the ministry of health discourages large crowds, and in that spirit, the committee recommended to do away with the training during these times. The training to be carried out once the cases of the disease subsides.

### MIN/4/8/2020 PROJECT PROPOSAL FINANCIAL YEAR 2020-2021

The list of proposed constituency based projects shall be submitted by the Constituency Committee to the Board.

In Kajiado South, the project identification process was done from the constituency, the ward and the locational level. The Area Member of Parliament, committee chairperson and NG-CDFC members held meetings in all administrative levels following the set guidelines by the ministry of health on prevention of spread of the Covid-19 disease.

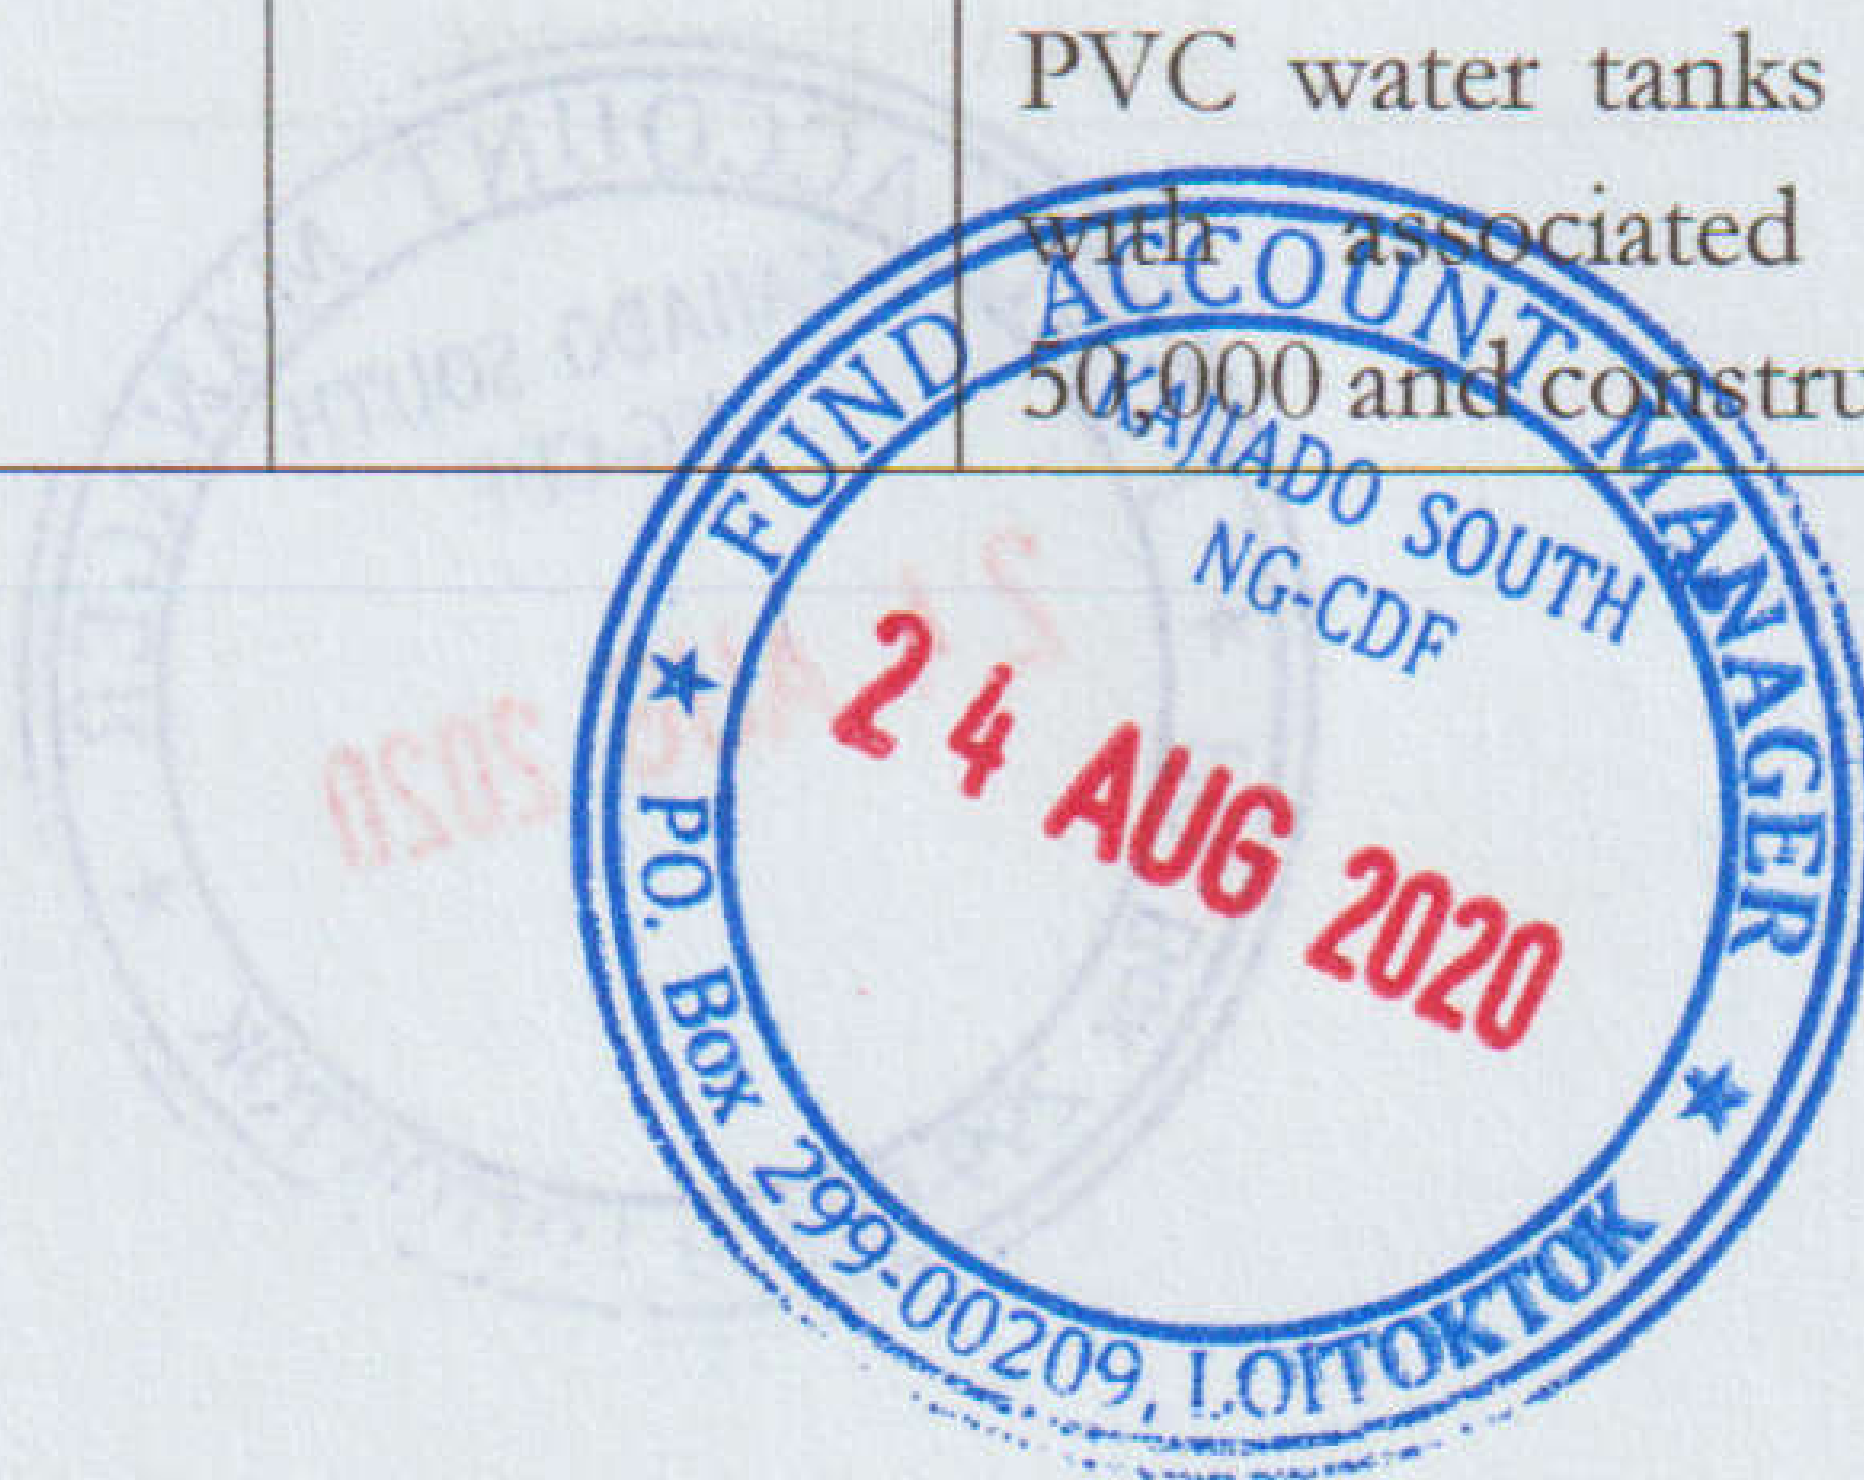

The members went through the minutes and reports from all the wards/locations noting down all the projects proposed by the communities.
