INTRODUCTION AND BACKGROUND

The NG-CDF Act 2015 stipulates in part % section 27 subsection 1 and 2 that the chairperson of the NG-CDFC shall within the first year of the commencement of a new parliament and at least once every two years thereafter convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency.

The enactment of the NG-CDF in 2003 has significantly changed development dynamics at community level such that the constituency has increasingly become an important unit of engagement in development projects in Kenya. Within this initiative, citizens ought to not only exercise their civic rights within this jurisdiction, but also to engage more and more in planning, implementation of projects and programs as well as in monitoring and evaluation.

NG-CDF emphasis on citizen participation in public finance management and decision making, transparency and accountability together with equity in public resource utilization. The overall management of the Fund is the responsibility of the Constituencies Development Fund Board. In essence, the NG-CDF provides individuals at the grassroots the opportunity to make expenditure choices that maximize their welfare in line with their needs and preferences. Also, because the fund benefits communities directly, it stimulates local involvement in development projects and as a result constituents have more information about projects funded under this program.

Objectives of the National Government -Constituency Development Fund

. The key specific objectives of NG-NG-CDF in Kenya are:

- 1) To foster equitable resource distribution and decentralization of spending responsibilities; and
- 2) To promote stakeholder participation in decision making processes in community development initiatives so that development outcomes reflect the needs and preferences of the beneficiaries.

Shinyalu Constituency

Shinyalu constituency is a sub-county of Kakamega county in western part of Kenya. The constituency covers an area of 257.9 sq km, with a population estimate of over 150,000 people according to the 2009 National population census. The average growth rate

according to the census report is 2.5 %. Shinyalu Constituency borders Vihiga County, Lurambi Constituency, Ikolomani Constituency, Malava Constituency and Emgwen Constituency.

This forms the entry point for civil service with its dispersal aimed at reducing distance between service providers and residents. The constituency has six wards namely; Isukha North, Isukha East, Isukha South, Isukha Central, Isukha West and Murhanda.

Constituency Vision.

To be a proactive, dynamic and enhanced Constituency for the prosperity of our constituent.

The chairperson then tasked the FAM to fast track the process of submission to the board for approval.

MIN 7 /6/1/2023 NG CDF SHINYALU COMMITMENT TO FUNDING ONGOING PROJECTS

The FAM brought to the attention of members that there was need to commit the new projects that have not been fully funded. In particular, the issue of Khayega Primary school was at the Centre of discussions. Estimated cost of completing of the project was estimated at slightly over 119,000,000. This requires the committee to commit over 30,000,000 in one financial year to complete the project. The committee opined that this would have resulted in inequitable distribution of projects funds yet many other projects require funding. Equally, it was regretted that Wakukha Primary school had been left out by the works officer in the schedule on ongoing projects submitted to the Board, members requested the FAM to include the institution as it still needs funding to be complete and be in use. After lengthy deliberations, the committee resolved to fund projects in the coming financial years as follows;

Project Name	Balance to Complete	Commitment During 2023/2024 FY	Commitment During 2024/2025 FY

MIN 8 /6/1/2023 NG CDF SHINYALU INCREASED TOTAL COST PER CLASSROOM

The FAM brought to the attention of members receipt of a letter/Circular from County Public works officer relating to increased cost of construction per classroom within the county. In the letter, the public works officer reckoned the increased cost of building materials and fuel for transportation of building materials. The new engineers estimate rate therefore increased from previous 1,000,000.00 (**One Million Kenya Shillings**) to 1,500,000.00 (**One Million, Five Hundred Thousand Kenya Shillings only**). The committee adopted the new changes noting that this will prevent the increasing numbers of variations requested by contractors undertaking ongoing contracted projects.
