The committee noted the recommendation of the works officer to consider using Machine Cut stones to construct new buildings. This matter was put into discussion and after thorough deliberations; the committee resolved to allocate Ksh. 1,000,000 for 1No Classrooms and Ksh 700,000 to 900,000 for classrooms constructed with bricks depending on topography and locations of the projects and also due to topography and location of the project the cost of renovating classrooms and secondary school laboratories are not uniform. To add on that, members also resolved that BWARE SECONDARY school bus to be purchased at ksh. 7,200,000 and will be bought one off and no 1st insurance nor asset financing involved and that the price is within the government negotiated range
